The House adjourn'd till Two P. M.

Mr. *Fisher* reported, that Mr. *Smyth* and himself delivered the Message of the House with them entrusted, to his Excellency, who was pleased to say, the House might attend him to present their Speaker, at Half an Hour past three o'Clock this Afternoon.

A Message from his Excellency by Mr. Secretary, acquainting the House, that his Excellency is in the Council-Chamber, ready to receive the Presentation of their Speaker.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency : Being returned, Mr. Speaker resumed the Chair, and reported, that the House had presented him to his Excellency, who was pleased to approve of their Choice ; and that he had requested of his Excellency, that the House might at all Times be protected in all their usual Privileges : Which his Excellency was pleased to engage. And then his Excellency made a Speech to the Council and House of Assembly, of which, Mr. Speaker said, he had, to prevent Mistakes, obtained a Copy ; which by Order of the House was read, and is as follows :

“ Gentlemen of the Council ; Mr. Speaker, and Gentlemen of the Assembly.

THE Occasion of my calling you together at this Juncture, is not only to condole with you, in a late melancholly Event, which has penetrated every *British* Bosom with unfeigned Sorrow, nor merely to congratulate with you, on the Accession of his present most gracious Majesty, whose acknowledged Virtues forbode us Happiness, and whose Declarations from the Throne in Favour of his People, have been received with universal Exultations of Joy and Gratitude : These Subjects indeed are much too important to be silent upon, of too interesting a Nature not to have excited in us all the different Sensations of Sorrow and Gladness ; But at the Distance we are from the Royal Presence, our Actions will best declare the Propriety of our Sentiments on both these Occasions, and an Adherence to the Measures (as far as we are concerned) that gave Splendor to the last Reign, be the properest Tribute to the glorious Memory of our late Monarch, and the most undoubted Testimony of our Loyalty and Affection to our present most gracious Sovereign. This Testimony, Gentlemen, you have now an immediate Opportunity of exhibiting ; for I have his Majesty's Commands, signified to me by Mr. Secretary *PITT*, to use my utmost Endeavours, to induce you to raise two Thirds only of the Number of Men you raised last Campaign ; since which, General *Amberst* has wrote to me, in Concurrence with this Requisition ; in both which Letters are contained such various, such cogent, such incontestible Reasons, for this Measure, which I now most cordially recommend to you, that I cannot dispense with laying them before you : And when I consider, Gentlemen, how successfully, how much to your Advantage, your former Aids have

‘ been

‘ been employed ; when I consider that your Taxes bear no Shadow of Pro-
 ‘ portion to the augmented Prices of your Commodities ; that this Calamity of
 ‘ War, instead of Desolation has really spread Affluence among you ; that it
 ‘ has been carried on for your Preservation, and is continued for the Security
 ‘ of those Conquests you deem so essential to it ; that, in the Number of
 ‘ Troops required of you, there is the highest Appearance of Moderation,
 ‘ and that with a View also to the Parliamentary Donation ; the Conduct of
 ‘ this Province should correspond with its former Zeal on the like Occasions ;
 ‘ for these Reasons, I profess the utmost Confidence, that your Compliance
 ‘ will be chearful and expeditious.”

“ *PERTH-AMBOY, April 1, 1761.*

‘ *Mr. Speaker, and Gentlemen of the House of Representatives.*

‘ **I** Little expected to find upon your Minutes, a Resolve for raising a
 ‘ smaller Number of Troops than were required of you; his Majesty’s
 ‘ Tenders in asking fewer from this Province than formerly, seems to
 ‘ afford the strongest Presumption, that what are asked are really wanted; I
 ‘ must therefore desire you, to re-consider this Resolve; to be governed by
 ‘ your own sufficient Judgments; to let the Reasons assigned you, operate as
 ‘ forcibly as they ought, and to weigh deliberately in the Scale of Interest,
 ‘ if necessary, the Consequence of a Refusal, which may possibly exclude
 ‘ you from the Parliamentary Donations of 1759 and 1760, kept back,
 ‘ perhaps, as a Pledge for the Perseverance of the Colonies in their former
 ‘ Zeal: And to induce you not to deny this his Majesty’s first Request, I
 ‘ will, as far as my Regard for your Welfare will allow me, favour you in
 ‘ the Time for sinking the Debt so incurr’d.”

Ordered,

That Mr. *Fisher* and Mr. *Hart*, do wait upon his Excellency, and in Answer to his Message of this Day, acquaint him, That in fixing the Number of Men for the Service of the ensuing Summer, the House proceeded with the utmost Concern for his Majesty's Service ; but being well assured, the Scarcity of Men in this Government, and the past Services of a similar Nature, is such, that the Officers will be put to great Difficulty in completing the full Number proposed, in the Time they will be wanted, thought it most to the Credit of the Province, to fix upon a Number that might probably be raised, than to have the Name of raising more than can be effected, and thereby expose the Service to a Disappointment we are unwilling to incur : That

the Province is extremely drained of Men, and our Inhabitants on that Account greatly distressed for Want of the necessary Labour; must be Facts well known to his Excellency; and therefore the House would be glad he will please to interpret the voting Five Hundred Men, as an Instance of Exertion under such Difficulties, that Nothing but a Willingness to assist in the common Cause, a grateful Sense of the Favours we have received, and a strong Desire to stand well in his Majesty's Esteem, could have effected: That as to the Time of sinking the Bills, we flatter ourselves, fixing it at a shorter Distance than has already been once done, will be attended with no Inconvenience: And we hope his Excellency will consider our Debt and Difficulties, and not suffer that to remain as an Obstacle, when so essential a Service depends upon it.

The Bill, entitled, *An Act for raising 500 effective Volunteers, &c.* was read the second Time, and committed to a Committee of the whole House.

The House accordingly resolved itself into a Committee of the whole House, on the afore-mentioned Bill: After some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Hancock*, Chairman of the Committee, reported, that the Committee had made some Progress in the Bill to them referred, and desired Leave to sit again. Mr. *Fisher* reported, that Mr. *Hart* and himself had waited on his Excellency, with the Message of the House of Yesterday.

A Message from his Excellency, by Mr. Secretary.

“ *Mr. Speaker; and Gentlemen of the House of Representatives;*

“ **I**N Answer to your Message of Yesterday, I must observe, that by your own Way of Reasoning, you have an Opportunity of paying a due Regard to the Royal Requisition, at no greater Expence either of Men or Money than would be incurr'd by your present Resolve; for if the Men will not enlist, neither the Country or Treasury will be drained, and your Zeal be nevertheless conspicuous; but by limiting the Number of Men to a smaller than was required, I must understand, that you do not chuse to risk the Possibility of a greater Number being raised. The Time for sinking the Bills is not mentioned upon your Minutes; I can therefore say nothing upon that Head; but beg you will suppose me at least as cautious of infringing my Instructions, without ample Reasons for so doing, as any the most faithful of my Predecessors.”

To His Excellency THOMAS BOONE, Esq; Captain General and Governor in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the REPRESENTATIVES of the said Province, in General Assembly convened.

May it please Your Excellency,

WE, the Representatives of New-Jersey, in General Assembly convened, with the Rest of his Majesty's dutiful Subjects nearly affected by the Decease of our late gracious Sovereign, beg Leave to mention it with the sincerest Condolance. His distant Subjects felt the Influence of his Virtues. We gratefully commemorate his mild and benevolent Reign : And animated by the Prospect of the same being continued in his Royal House, most heartily congratulate his present Majesty's Accession to the Throne of his Ancestors, " whose acknowledged Virtues," as your Excellency justly remarks, " forbode us Happiness, and have been received " with universal Exultations of Joy and Gratitude."

Tho' we differ in Opinion with your Excellency, that our " Taxes bear no " Shadow of Proportion to the augmented Prices of our Commodities." Yet as the Management and Success of the present War, afford the glorious Prospect of future Ease and Quiet, we do not repine ; tho' our Debt is great, and we are exposed to extreme Difficulties respecting common Labour. Under these Considerations, we hope the additional Assistance we have now given to the common Cause, may yield full Satisfaction, and entitle us to the future Favour of his Majesty.

By Order of the House,

PERTH-AMBOY, April 4, 1761.

SAMUEL NEVILL,

Speaker.

To which his Excellency was pleased to return the following Answer.

" Mr. Speaker, and Gentlemen of the House of Representatives ;

I Return you many Thanks for your Address, and sincerely wish, that the Aid you have given, may be acceptable : To deserve his Majesty's Favour, Gentlemen, is the most certain Means of procuring it."

THO. BOONE.

PERTH-AMBOY, April 7, 1761.

His Excellency was then pleased to give his Assent to the following Bills, enacting the same, viz.

1. An Act for raising Six Hundred effective Volunteers, Officers included, for his Majesty's Service, and making Provision for the same ; and for other Purposes therein mentioned.

2. And

2. *An Act for obviating Doubts respecting the Acts of Assembly passed last Session, and for confirming the Proceedings of the Courts of Justice in this Province, since the Demise of his late Majesty.*

3. *An Act for naturalizing David Slayback, Henry Luts, Michael Hammer and John Allison.*

4. *An Act for the Relief of Francis Goelet.*

After which, his Excellency made the following Speech to the Council and House of Assembly.

“ *Gentlemen of the Council ; Mr. Speaker, and Gentlemen of the House of Representatives ;*

• **I** would have given me great Pleasure, to have reported to his Majesty’s
• Ministers, that you had fully complied with the King’s Requisition and
• Expectations : What you have done, as it approaches so very near to what
• was required of you, will, I hope, be of Service. I have done every
• Thing in my Power upon this Occasion, that my Duty to the Crown
• requires ; my Regard for you now prompts me to set your Conduct in as
• favourable a Light as I can, consistent with the real Truth ; and you will
• not do me Justice, if you doubt my being at all Times solicitous for your
• Credit and Reputation. I shall now, Gentlemen, detain you no longer
• from your domestick Concerns, but prorogue this Assembly to the 4th
• Day of May next, then to meet at *Burlington.*”

GENERAL ASSEMBLY.

BURLINGTON, *Saturday, July 4, 1761.*

PURSUANT to his Excellency's Prorogations of the General Assembly to this Day, the House met; and there not being a sufficient Number of Members to proceed upon Business, adjourn'd till Monday Morning Nine o'Clock.

MONDAY, July 6, 1761.

The House met.

Ordered,

That Mr. *Stevens* and Mr. *Hancock*, do wait upon his Excellency, and acquaint him, That a sufficient Number of Members to proceed upon Business are now met, and are ready to receive any Thing he may have to lay before them.

Mr. *Stevens* reported, that Mr. *Hancock* and himself delivered the Message with them entrusted, to his Excellency, who was pleased to say, the House should hear from him presently.

A Message from his Excellency by Mr. Secretary.

Mr. Speaker, his Excellency is in the Council Chamber, and requires the Attendance of the House.

Mr. Speaker accordingly left the Chair, and with the House, went to wait on his Excellency: And being returned; Mr. Speaker resumed the Chair, and reported, that the House had waited upon his Excellency, who was pleased to make a Speech to the Council and General Assembly, of which, Mr. Speaker said, he had, to prevent Mistakes, obtained a Copy; which being read, is as follows, *viz.*

" Gentlemen of the Council; Mr. Speaker, and Gentlemen of the House of Representatives.

" A Punctual Attendance, when summoned to meet, is as much your
" Duty, as to meet at all; and if each Person, instead of paying
" an exact Regard to a legal Call, will judge for himself when his Presence
" may be requisite, 'tis plain, Gentlemen, we may be exposed to as much
" Uncertainty, as there is Difference in the Opinions of so many Individuals
" as form the Legislature of this Province: My own Time I devote with
" Pleasure to the Publick. For your Convenience I represent this; and
" request you, to esteem yourselves of more Consequence, than to suppose it a
" Matter of mere Indifference whether your Deliberations are postponed
" or not.

“ AT your last Sessions, for very essential Reasons, no less than the Security
 “ of his Majesty’s Conquests in *North-America*, and the accelerating a Peace
 “ on Terms of Glory and Advantage, you were induced, Gentlemen, to pass
 “ a Bill for the raising Six Hundred Men ; and under all the Disadvantages
 “ of the Increase of Bounty to Soldiers in a neighbouring Province, and the
 “ Diminution of it in ours, I have the Satisfaction to inform you, that your
 “ Numbers have been very near completed. But in a Letter from General
 “ AMHERST, dated at *Albany* the 15th of *June*, he observes, That the Time
 “ limited for our Regiment’s serving, will expire before it is possible that the
 “ regular Forces to be employed on the important intended Expedition can
 “ return to relieve them, and that a small Body of Men will be absolutely
 “ necessary for the Protection of the several Forts, and Country in general ; I
 “ have called you, therefore, Gentlemen, as expeditiously as I could, in order
 “ to recommend to you, the Providing for the Continuance of Sixty-four Men,
 “ a Captain and a Lieutenant ; being your Proportion, agreeable to the Numbers
 “ required of the several Colonies for this essential Service : And I am
 “ empowered by the General, to assure you, that your Troops shall not be
 “ detained one Day longer in the Service than is absolutely requisite.

“ I shall neither insult your Zeal or Judgments with an unnecessary Display
 “ of Arguments : The Season and Measure both require Expedition ; and as
 “ the Necessity of this is undeniable, I could wish you to intitle yourselves,
 “ not only to the Merit of an Assent, but of an immediate One.”

" for some further Provision, Major *Mac Donald*, an Officer who has
" served you faithfully for several Campaigns, and whose Diligence in forward-
" ing the late Levies, and Attention in the Embarkation of them, I myself have
" experienced; and should be very sorry if an Officer who has deserved so
" well of the Province, should be upon a worse Footing than in the former
" Campaign."

Whereupon Mr. Speaker left the Chair, and with the House waited upon his Excellency, and being return'd, Mr. Speaker resumed the Chair, and reported, that the House had waited upon his Excellency with their Address, in the Words following, viz.

To his Excellency THOMAS BOONE, Esq; Captain General and Governor in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the House of REPRESENTATIVES of the said Province, in General Assembly convened.

May it please your Excellency,

WE his Majesty's dutiful and loyal Subjects, the Representatives of New-Jersey, in General Assembly convened, have, without Delay, taken into Consideration the providing for a Number of Men to be enlisted, pursuant to the Expectation of his Excellency General AMHERST, and done therein according to his Desire, in Confidence of their being discharged at the Time limited.

Tho' we could not be sufficiently assured, that the Number we provided for last Spring, considering the extreme Scarcity of Men among us, could be raised; it is with Pleasure, we now receive the Information your Excellency has given us, that the Regiment is so nearly compleated. We have not in the Course of this War been remarkable for Deficiencies: We entered into the Service with a View of giving our best Assistance, and with Hopes of future Security: We have, tho' deeply in Debt, continued our Endeavours; and as the salutary Prospect of a General Peace seems at Hand, notwithstanding we have had, and must hereafter struggle with heavy Taxes, when the important Point of Security against French Perfidy and Savage Cruelty is obtained, we doubt not of their being paid with Chearfulness, and the Occasion retained with grateful Admiration.

If common Report may be credited, this is likely to be our last Address to your Excellency; unsolicited by any Applications, it may, we presume be unexpected; yet permit us to remark, that as we have asked Nothing of you unbecoming his Majesty's Representative to grant, you have refused us Nothing we have asked. If it is honourable to distinguish an Administration, not only unsullied, but publicly kind and benevolent; such an Administration as your's, demands our grateful Acknowledgments. The Shortness of the Time you have been among us, is an Objection not in our Power to remedy: On your Successor, therefore, must remain our future Hopes; whom we shall be happy to find equally succeeding to our Wishes.

By Order of the House,

SAMUEL NEVILL, Speaker.

To which his Excellency was pleased to make the following Answer.

“ Gentlemen,

“ **Y**OU have given a fresh Instance of your Duty to the Crown, and Rea-
 “ diness to promote his Majesty’s Measures, by so chearful and speedy
 “ Compliance with General AMHERST’s Requisition; nor will your Confidence
 “ be abused.

“ A common Report, Gentlemen, has been productive of a very kind Com-
 “ pliment to me: I have discharged my Duty faithfully; and am particularly
 “ happy, that a Conduct which I have pursued without Difficulty, should be
 “ looked upon by you with Approbation.”

And then his Excellency prorogued the House by the following Speech.

“ Gentlemen

“ Gentlemen of the Council; Mr. Speaker, and Gentlemen of the House of

" to his Majesty's Allies, and particularly advantageous to these Colonies.*

x Gov. Hardy who arrived the 29th of October. 1761.

“ I come into this Country, Gentlemen, with a Disposition much inclined to Harmony, and esteem it a peculiar Happiness to be appointed to this high Station, by a King, whose principal View is to promote the Welfare of his People: Gratitude to my Sovereign, and my own Inclinations, lead to consider your Happiness as one of the great Objects of my Care; and at the same Time, that the Duty of my Station requires from me a strenuous Exertion of his Majesty's royal Prerogative, yet you may be assured, that your Rights and Privileges will be always, with me, sacred and inviolable.

“ As I have Nothing at present from his Majesty's Ministers to lay before you, and my Residence here has been too short to enable me to enter into any Particulars relative to the Province; I shall content myself, with recommending Unanimity and Dispatch, in any Measures you may in the Course of this Session, think it necessary to propose.

“ *Gentlemen of the General Assembly;*

“ ALTHO' the Act, for the Support of Government continues in Force till May next, yet as it makes Provision only for some of the Officers of Government; I must recommend that Matter to your Consideration; and need not repeat what his Majesty orders me to propose to you on that Head, by the 23d Article of his Instructions, as I observe that Instruction is entered on your Journals. The early Proofs we have of his Majesty's parental Affection, demand an intire Confidence from all his Subjects; and when we consider the Blessings we have a Prospect of enjoying under his auspicious Reign, I make no Doubt, but you will take every Opportunity of shewing your Gratitude to the best of Kings, by constant Instances of Duty, Fidelity and Loyalty.

“ *Gentlemen of the Council, and Gentlemen of the General Assembly;*

“ As I am persuaded, that Harmony among the three Branches of the Legislature, is the sure Means of securing the Welfare of the Publick; so you may depend that I shall most readily join my Endeavours with yours, in every Measure that tends either to promote his Majesty's Service or the Good of the Province; and I please myself with the Hope, that with your Assistance, my Administration will be rendered beneficial to the People.”

Votes of the General Assembly.

BURLINGTON, *Wednesday, March 3, 1762.*

PURSUANT to his Excellency's several Prorogations of the General Assembly to this Day, the House met.

Ordered,

That Mr. *Samuel Smith* and Mr. *Stevens* do wait upon his Excellency, and inform him, that a sufficient Number of Members to proceed upon Business are met, and ready to receive any Thing he may have to say before them.

Mr. *Smith* reported, that Mr. *Stevens* and himself waited upon his Excellency, with the Message of the House, who was pleased to say, he would send for the House in about half an hour.

A Message from his Excellency, by Mr. Secretary;

Mr. Speaker, His Excellency is in the Council-Chamber, and requires the Attendance of the House.

Whereupon Mr. Speaker left the Chair, and with the House, waited on his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and General Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which being read, is in the Words following, *viz.*

Gentlemen of the Council, and Gentlemen of the General Assembly;

HAVING His Majesty's Commands signified to me, by the Earl of *Egremont*, to use my utmost Endeavours and Influence; to induce you to raise the same Number of Men, which was required of you for the last Campaign; to be formed into a Regiment, and to act in *North-America* under the Orders of the Commander in Chief of His Majesty's Forces; I have lost no Time in calling you together, to recommend this Matter to your serious Considerations.

His Majesty's good Dispositions for restoring the Public Tranquility, have been manifested to all *Europe*; but through the Insincerity and Chicane of our inveterate Enemies, a Negotiation, which it was hoped would have ended in a Peace, glorious and advantageous to the *British* Crown and Dominions, is now broken off; and that Event, so much to be desired, seems for the Present at a Distance. His Majesty therefore finds Himself under the Necessity of making Use of the Means Divine Providence has put into His Hands, to maintain and support the Dignity of His Crown, and to pursue such vigorous Measures, in the Prosecution of the War, as may be productive of those Blessings to His People, which His Majesty has so much at Heart.

IN

‘ In order to accomplish the great Designs that are to be put in Execution this Year, it is essential to provide for the Safety of His Majesty’s Dominions, as likewise of those acquired by Conquest in *North-America* ; His Majesty has therefore thought it proper, to require the Assistance of His several Provinces, for this important Service : I cannot think it necessary to use any Arguments, to animate your Zeal on this Occasion, as I am persuaded your Duty to the Best of Kings, and the Regard you owe to yourselves, in the Preservation of your present, as well as future Security, will be sufficient Incitements, to Influence you to an immediate Compliance with His Majesty’s Commands..

‘ *Gentlemen of the General Assembly ;*

‘ I have ordered the Earl of Egremont’s Letters to be laid before you, which I hope you will consider with due Attention : You will therein see on what Conditions His Majesty expects your Assistance ; and that strong Recommendations will be made to Parliament, to grant a proper Compensation for such Expences incurred by the respective Provinces, according as their active Vigour and strenuous Efforts shall justly appear to merit : You will likewise observe, in one of the Letters from the Secretary of State, that I have His Majesty’s Commands, to lay before you, the absolute Necessity there is, at this critical Time, of recruiting the regular Regiments, with all convenient Expedition, in the several Provinces, in such Proportions from each, as shall be demanded by his Commander in Chief of his Forces. I have received two Letters from Sir Jeffery Amherst, which shall be communicated to you : He therein so clearly explains every Circumstance relative to this Measure, that it must be needless for me to add any Thing more on the Subject : I shall only earnestly recommend your ready Compliance with His Majesty’s Demands, and by exerting a true *British* Spirit on this laudable Occasion, shew yourselves worthy of His Majesty’s future Favour.

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly ;*

‘ I flatter myself, you are convinced, that no Time should be lost in the Dispatch of the Business I have now laid before you ; I therefore hope you will as soon as possible, enable me to carry His Majesty’s Commands into Execution.

A Message from his Excellency, by Mr. Secretary, as follows, *viz.*

Gentlemen of the General Assembly;

I AM very sorry to see, by your Minutes of Yesterday, the Resolve you have gone into, with Regard to His Majesty's Requisition, for recruiting the Regular Forces: Had you given due Attention to the Secretary of State's Letter, on this Subject, you would find this Piece of Service is thought so essentially necessary by His Majesty, that he will be much disappointed, if it is not effected.

THE Intention of this Requisition, was to render the Regular Regiments compleat, and fit for such immediate Service as His Majesty may think proper to employ them in; those Regiments are at present so situated, as to make it impossible for them to send Officers and Parties into these Colonies, to recruit the Men in Time; wherefore the Proportioning the Number of Recruits wanted among the Colonies, and the Supplying them, is the only Method that can be taken to render them of Use; and if not agreed to by the Colonies, may be attended with very ill Consequences to His Majesty's Service, at a Juncture when every Means in our Power should be exerted, to Distress the Enemy. I must therefore desire, Gentlemen, that you take this Matter, again under your Consideration, and do your Parts towards insuring Success, to Measures absolutely necessary for our future Quiet and Safety.

Ordered,

That Mr. *Stevens* and Mr. *Hart*, do wait upon his Excellency, and in Answer to his Messages of the 6th and 8th Instant, inform him, That it is with great Reluctance we are obliged to refuse any Measure, that might tend to promote His Majesty's Service; but the Assistance required from us, to recruit the regular Forces, appears so extremely unlikely to be carried into Execution, that we are well assured, it would be only trifling with the King's General to attempt it; and by giving him such Expectations, expose the Service to a Disappointment, that will end in a Prejudice to the common Cause, and to the Censure of a General whose distinguished Services justly claim whatever could be reasonably done in his Favour: But the Case is such, that the peculiar Scarcity of Men in this Province, owing to former Services of the like Kind, renders it impracticable; leaving this, and constantly going, Regiment after Regiment, into another Province, very many of our Men have never returned; and the Handiness of our Situation for Enlistments hitherto among the Regulars, considered as a thoroughfare between *New-York* and *Philadelphia*, have been an additional Drain, and that perhaps more here than elsewhere: These Facts require no colouring, to entitle us to an Exemption from raising more than what is required in the Province Service: Determined however, not to desert the common Cause, though our Debts, as well as the Scarcity of Men, are already great, we have fully come up to the King's Expectations on that Account; and for these Reasons, must rest it here, That that Measure is as much as we can do.

To his Excellency JOSIAH HARDY, Esq; Captain General and Commander in Chief in and over his Majesty's Province of Nova-Cæsar, or New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

May it please your Excellency,

WE his Majesty's dutiful and loyal Subjects, the Representatives of the Province of New-Jersey, recollecting with Gratitude the Favours received, through his Majesty's paternal Care over us, have now without Loss of Time, gone into the Measures proposed, for assisting the Common Cause, so far as to agree upon the raising a Provincial Regiment of Six Hundred and Sixty-Six effective Men: After former Exertions of this Sort, we are sensible the Difficulties of raising them will be great; but from your Excellency's Abilities in the Service, we are in Hopes they will be compleated, that the Honour of the Government, in realizing the Expectations they give, may suffer no Diminution, and his Majesty's Service no Injury.

We have already informed your Excellency by Message, that it is with great Reluctance, we find our present peculiar Circumstance, respecting the Scarcity of Men, to lay us under the Necessity of not coming into the Requisition for recruiting the Regular Forces; and as we cannot go into both the Measures proposed, we have complied with the most important; that the Province under such Discouragements, is not able to go farther than raising the Provincial Regiment; we hope the Reasons we have before given will convince; and that our Necessities will not subject us to any Loss of Reputation, in a Cause, which throughout the preceeding Campaigns, hath been pursued by this Province with invariable Zeal and Solitude.

By Order of the House,

SAMUEL NEVILL, *Speaker.*

House of Assembly, March 10, 1762.

To which his Excellency was pleased to make the following Answer; whereby he prorogued the House.

" Gentlemen of the General Assembly;

 " of His Majesty's Requisition for the Provincial Regiment: I shall do every

Gentlemen of the Council, and Gentlemen of the General Assembly ;

YOUR being called together so soon after your late Sessions, is occasioned by a Letter I have received from Sir *Jeffery Amherst*, wherein he requests me, once more to represent to you the Necessity of complying with His Majesty's Requisition for your Quota of Men, for filling up the Regular Troops : This Measure, from our being engaged in a War with *Spain*, becomes more necessary than ever, and if not complied with, must be attended with very bad Consequences, more especially at this Critical Juncture, when your Duty to His Majesty calls for the utmost Exertion of your Power, not only for supporting the Honour and Dignity of His Crown, but to render ineffectual the perfidious Designs of our Enemies ; whose Views evidently tend to the Destruction of your Liberty, Property, and every Thing that ought to be dear to you. I must therefore, earnestly recommend your giving this Matter a serious Consideration ; when I make no doubt, but it will appear to you in such a Light, that your Resolutions thereon will be perfectly consistent with that Zeal for His Majesty's Service, which has hitherto been manifested in this Province.

It

‘ IT is with the greatest Pleasure, that I congratulate you, on the Success of His Majesty’s Arms, in the intire Reduction of the Island of *Martinique*, and its Dependencies ; a Conquest of the more Importance, as it has been accomplished with the Loss of so few of our fellow Subjects : We cannot be sufficiently thankful to Divine Providence, who has hitherto so remarkably supported the Justice of our Cause ; let us hope He will continue his Blessing on our future Endeavours ; and that he will in his own good Time dispose our Enemies to accept such just and reasonable Terms of Peace, as may be consistent with the Safety of all His Majesty’s Dominions.

‘ *Gentlemen of the General Assembly.*

‘ I HAVE the Satisfaction to acquaint you, that the Levies for the Provincial Regiment, are completed ; but as the Service on which they are to be employed, will require another Field Officer ; I must request you will provide the necessary Pay on this Occasion : I have ordered Sir *Jeffery Amherst*’s Letter to be laid before you ; and as I now cannot suppose, you will make any Difficulty of complying with the King’s Requisition, I shall only recommend your being as expeditious as possible, in granting the proper Encouragement, for raising the Number of Men demanded ; that His Majesty’s Service may meet with no unnecessary Delay.

Votes of the General Assembly.

BURLINGTON, TUESDAY, September 14, 1762.

PURSUANT to His Excellency's several Prorogations of the General Assembly, to this Day, the House met.

Ordered,

That Mr. *Samuel Smith* and Mr. *Robert Ogden*, wait upon his Excellency, and acquaint him, that a sufficient Number of the Members are met, and ready to receive any Thing he may please to lay before them.

Mr. *Smith* reported, that Mr. *Ogden* and himself delivered the Message with them intrusted, to his Excellency, who was pleased to say, the House should hear from him in Half an Hour.

A Message from his Excellency by the Deputy Secretary ;

Mr. Speaker, his Excellency is in the Council-Chamber, and requires the Attendance of the House.

Whereupon Mr. Speaker left the Chair, and with the House waited on his Excellency : And being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited on his Excellency, who was pleased to make a Speech to the Council and House of Assembly ; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy ; which was read, and is as follows, *viz.*

Gentlemen of the Council, and Gentlemen of the General Assembly;

I HAVE called you together rather earlier than I intended, to communicate to you, the Contents of a Letter I have received from his Excellency Sir *Jeffery Amherst*, dated the fourth of last Month, wherein he observes, that the important Services on which his Majesty's Regular Forces are now employed, and the Uncertainty of the Return, renders it absolutely necessary, that Provision should be made for Garrisoning the several Posts on this Continent, during the Winter. This Provision must be made by the several Colonies : And it is indeed the more necessary now, as the greatest Part of the Troops that are returned into this Country, are by hard Service and Sickness, very unfit for Duty ; and it must be some Time before they are recovered. I must therefore, Gentlemen, earnestly recommend your continuing in Pay one Company, consisting of a Captain, a Subaltern, and Sixty-four Men ; being the same Number you provided for last Year. I shall not attempt to make Use of any persuasive Arguments, to convince you of the Necessity of this Measure ; the Readiness you have hitherto manifested in assisting the Common Cause, gives me the strongest Assurance of your Compliance with it.

It

‘ IT would have been a great Satisfaction to me, if I could have informed you, that the Provision you made at your last Sessions, for recruiting the Regular Corps, had been attended with better Success; but I am sorry to say, very few Men have been raised: I wish some effectual Method could be fallen upon, and heartily entered into, in order to furnish the Quota demanded of this Province. It is apparently more necessary now, than when first demanded, as the Regiments on actual Service must be thinned by the Chance of War, and Change of Climate, where they are employed; and if they are not recruited, the future intended Operations for distressing the Enemy on this Continent, must be not only retarded, but intirely obstructed; which will in the End, greatly prejudice his Majesty’s Service, and turn out to the future Disadvantage of the Colonies in general.

‘ IT is with the highest Joy and Satisfaction, that I congratulate you on the Success of his Majesty’s Arms, in the Reduction of the *Havannah* and its Dependencies; and I have no small Pleasure in acquainting you, that the Detachment of our Provincial Troops arrived there in Time to partake of the Honours reaped by this noble Conquest; and I am informed by a Letter from their commanding Officer, that he has not lost a single Man.

‘ *Gentlemen of the General Assembly;*

‘ As the Time limited for the Service of your Regiment, will very soon expire; I hope you will be as expeditious as possible, in making the proper Provision for enlisting the Men demanded for the Winter Duty: And I leave it to your Consideration, what Allowance should be made for that Part of the Regiment, now on Duty at *Niagara*, as they are at a much greater Distance from Home than they were last Year.

To his Excellency JOSIAH HARDY, Esq; Captain General, Governor and Commander in Chief in and over his Majesty's Province of Nova-Cæsarea, or New-Jersey, and Territories thereon depending in America, Chancellor, and Vice-Admiral in the same, &c.

The Humble ADDRESS of the Representatives of the said Province, in General Assembly convened.

May it please Your Excellency,

WE His Majesty's dutiful and loyal Subjects, the Representatives of the Province of New-Jersey, in General Assembly convened, pleased with the favourable Prospect of an approaching Peace, upon Terms of Glory and Advantage; have provided for the Number of Men required by his Majesty's General, in Hopes this, added to our former Services of the same Kind, may continue to us his Majesty's Regard, and be of Use in Respect to the future Quiet of North-America.

THE Conquest of the Havannah, after former Acquisitions of this War, creates fresh Matter of thankful Acknowledgements, and is an Event not only Glorious to all concerned, but must have the best Effect on his Majesty's unwearied Endeavours, for the Promotion of a General Peace; and is to our great Satisfaction; especially as the Detachment of our Regiment, arrived Time enough to have their Share in the Conquest.

THAT in the present extreme Scarcity of Men in this Province, the General should be put to great Difficulties in Recruiting the Regular Corps, is what we expected; but as Part of our Regiment is soon to be disbanded, according to the Terms of their Inlistment; the Money applied at our last Sitting to that Service, may perhaps be usefully employed among them; and if the General should approve of that Expedient, we hope your Excellency will encourage as many of them to Inlist as shall be free to enter.

PURSUANT to His Excellency's several Prorogations of the General Assembly, from Time to Time, to this Day, a sufficient Number of Members to proceed upon Business met; and being informed by Letter from the Honourable *Samuel Nevill*, Esq; Speaker of the House, that by Reason of many Indispositions of Body, he is rendered utterly unable to attend the Service of the House, desiring the Members to excuse him to His Excellency, and obtain his Leave to chuse another Speaker.

And then his Excellency made a Speech to the Council and House of Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which by Order of the House was read, and is as follows;

B

Gentlemen

x Gov. Franklin, who arrived the 25th day of February 1763.

Gentlemen of the Council, and Gentlemen of the General Assembly;

‘ **W**HEN it pleased his Majesty graciously to honour me with his
 ‘ Commission for this Government, I considered it as a particular
 ‘ Felicity to be placed in that Station among a People that I knew, and whose
 ‘ general Character is so truly estimable.

‘ Not having received any Commands from the King or his Ministers, which
 ‘ required your immediate Consideration, I postpon’d the Pleasure of meeting
 ‘ you in your Legislative Capacity, till a Time, that from the best Information
 ‘ I could procure, was least likely to interfere with your private Affairs.

‘ Two Events have lately occurred of great Import to the Welfare
 ‘ of the British Nation, on which you have my most sincere and hearty
 ‘ Congratulations.—

‘ —**T**HE auspicious Birth of a Prince, on a Day ever sacred to Liberty and the
 ‘ Protestant Cause, cannot but diffuse Joy throughout the King’s Dominions,
 ‘ as it gives us the pleasing Prospect of a Continuation to our Posterity, of those
 ‘ inestimable Blessings of civil and religious Liberty, which we have enjoyed
 ‘ without Interruption, under the present Royal Family.—

‘ —**T**HE Termination of a long and burthensome War, by the late Definitive
 ‘ Treaty, is an Event as happy as it is glorious. A Peace is obtained for us
 ‘ by the Success of his Majesty’s Arms, and the Wisdom and Firmness of his
 ‘ Councils, that cannot be parallel’d for solid national Advantages, by any
 ‘ recorded in the British Annals, if in those of any other Nation: For indeed
 ‘ how rarely does it happen, that those Powers who have been long engaged
 ‘ in War, find themselves ultimately benefited by it? Who of all the Princes
 ‘ of *Europe*, concerned in the late War, in which many of them had almost
 ‘ exhausted their last Resources, has acquired any Addition of Territory, or
 ‘ any Compensation for Losses sustained, save only our most illustrious Sovereign?
 ‘ As in every Quarter of the Globe he was victorious; so in every Quarter he
 ‘ has retained some important Advantage, which the Nation was not in
 ‘ Possession of before. But in this Part of the World, how great and glorious
 ‘ are our national Acquisitions! Instead of confining us to a narrow Sea-Coast,
 ‘ which the *French* vainly attempted even before the War, we see that powerful
 ‘ Nation not only dispossessed of their Encroachments, but of the very Country
 ‘ from whence they encroached: A Country of immense Extent, and which, in
 ‘ our Possession, not only gives effectual Security to these Colonies, but must in
 ‘ a short Time occasion a vast Increase of the Commerce and Power of the
 ‘ British Empire. The steady Conduct of this Province during the Course of
 ‘ the War, and its constant Readiness in complying cheerfully according to its
 ‘ Abilities, with every Requisition of the Crown, for promoting the common
 ‘ Service, must now afford you great Satisfaction in the Reflection, and will
 ‘ ever be remembred highly to your Honour.

Gentlemen of the General Assembly;

‘ **T**HE Act for the Support of Government being expired, you will of Course
 ‘ take that Matter into Consideration. In the doing of which, I flatter myself,
 ‘ that you will let the Royal Instruction my Predecessors have so often recom-
 ‘ mended

‘ mended to you on this Head, and which is entered on your Journals, have
 ‘ its proper Weight. And I have not the least Doubt, but that you will likewise
 ‘ do therein what Justice shall appear to you to require, and what is becoming
 ‘ the Honour of the Province you represent.

‘ As you reside in different Parts of the Country, you have the best Oppor-
 ‘ tunities of being acquainted with its present Circumstances and Occasions.
 ‘ If any new Laws, or Amendments of old Ones, appear to you to be necessary,
 ‘ you may be assured of my ready Concurrence in every Thing consistent with
 ‘ my Duty to the Crown, which I can never depart from, as I am persuaded
 ‘ you would not wish to deviate from yours; since you must be convinced, that
 ‘ one of the surest Means of promoting the Prosperity and Happiness of the
 ‘ People in any Colony, is to obtain and secure, by a truly dutiful Behaviour,
 ‘ the Favour of their Sovereign, from whom they derive Protection in the
 ‘ Enjoyment of their Liberties, Properties, Religion, and every Thing that
 ‘ is valuable.

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly;*

‘ LET me recommend it to you, now the publick Tranquility is happily
 ‘ re-established, to pay an earnest Attention to the Arts of Peace. There are
 ‘ probably some Kinds of valuable Produce, hitherto but slightly if at all
 ‘ attempted, that might with proper Encouragement be raised in this Province,
 ‘ and tend much to the Advantage of the Inhabitants. Some Improvement
 ‘ might no doubt be likewise made in the Navigation of Creeks and Rivers,
 ‘ and in the publick Roads. By turning your Thoughts to these Matters, it
 ‘ may be reasonably expected, that many Things will occur, which, if carried
 ‘ into Execution, would prove greatly beneficial not only to the Province, but
 ‘ to the Mother Country.

‘ THE Assemblies of this Province have of late Years so distinguished them-
 ‘ selves for their general Unanimity, that it seems unnecessary to recommend it
 ‘ to them in their future Proceedings. I shall only observe, that its good
 ‘ Effects have been conspicuous and evident to all, and therefore I hope it will
 ‘ always continue.

‘ As to myself, I am fully sensible, it is not what is promised, but what is
 ‘ done, in any Administration, that must finally settle its Character. I shall not
 ‘ therefore begin mine among you by making great Professions: But I hope in
 ‘ the Course of it, to demonstrate, by Actions, that I think the most effectual
 ‘ Means of approving myself a faithful Servant to my Royal Master, is to
 ‘ promote the true Interests of the Province, over which he has done me the

Gentlemen of the General Assembly;

‘ I Last Night received from his Excellency Governor *Monckton*, an attested
 ‘ Copy of an Act lately passed in his Government, for ascertaining and
 ‘ finally settling the Boundary or Partition-Line between this Province and
 ‘ *New-York*; which Act I herewith communicate. The Adjustment of the
 ‘ unhappy Controversy, which has on this Head so long subsisted between the
 ‘ two Provinces, is of such great Importance to the Welfare of the Inhabi-
 ‘ tants, that I must earnestly recommend it to your immediate Consideration.
 ‘ As it is a Matter the Crown has heretofore strongly recommended, and has
 ‘ still much at Heart; and as you have always been inclined to have it amicably
 ‘ terminated, and the Province of *New-York* have shewn the same good
 ‘ Disposition, I can have no Reason to doubt that you will readily pass an Act
 ‘ for this desirable Purpose.”

The Humble ADDRESS of the Representatives of said Province, in General Assembly met.

May it please your Excellency,

WE His Majesty's dutiful and loyal Subjects, the Representatives of New-Jersey, in General Assembly convened, beg Leave to congratulate your Excellency, on your Appointment to, and safe Arrival in this Government.

UNDER the Disappointment of so unexpectedly and suddenly parting with an Administration, that in Governor Hardy was disinterested, candid and benevolent; it is a Matter of great Satisfaction, to behold in your Excellency a Successor, from whose Knowledge of our Circumstances, and kind Approbation of our Conduct hitherto, we have Reason to hope for a Continuation of every domestic and publick Happiness, in the Power of a Governor to bestow, consistent with the Trust reposed in him; and no other we presume will be looked for: Nor will any Endeavours of ours be wanting, to render your Administration easy and happy. We acknowledge the Instance of Regard shewn to our private Affairs, in postponing the Meeting of the House to a Time of general Convenience; and having now the Pleasure of receiving your Excellency's Congratulations on the two Important Events, the Birth of the Prince, and the Establishment of Peace, most heartily join in the Joy they occasion.

THE general Advantages of the Peace, are entirely to our Satisfaction; we believe beyond Example glorious; and when we consider the Difficulties attending the Neighbourhood of Canada, and its Dependencies, the Terrors of their repeated Inroads and Encroachments from the beginning; but above all, the Alarming Savage Cruelties; we find ourselves unable to be sufficiently thankful for the Superintendency of that Part, which being so near us, falls more immediately within our own Observation; and are at a Loss, which under Providence, most to admire; the Wisdom that planned, the Power that executed, or Firmness that retained a Conquest of such immense National Value, and which to us on the Continent, also smooths the Hardships of a Country, in a great part Wilderness; and amidst the Struggles of heavy Debts, and a new Settlement, gives the cheering Hope of future Tranquility: Ages to come will rejoice in the Happy Event; and we trust the Recompence to our Mother Country, will prove unfailing Returns of Wealth and Gratitude, in a Manner not now easily foreseen.

CONSIDERING

CONSIDERING the present Expence of living, we have augmented the Support of Government.

SUCH new Laws as were immediately wanted, have now been gone into; others no doubt, for the Improvement of Roads, Creeks and Rivers, and the Promotion of Commerce, may be wanted, and at proper Times will not fail to engage our Attention, and we thank your Excellency for mentioning them to us, and the Assurances you have been pleased to give us concerning them.

By Order of the House,

ROBERT OGDEN,
Speaker.

June 2, 1763.

To which Address, his Excellency was pleased to make the following Answer.

Mr. Speaker, and Gentlemen of the House of Representatives.

IT affords me great Pleasure, to find that his Majesty's Appointment of me to this Government, is so much to your Satisfaction.

I return you many Thanks for your kind Congratulations; and do assure you, that whatever you have granted for the Support of Government, shall, so far as relates to myself, be made Use of for the Honour and Credit of the Province.

A Message from his Excellency, by Mr. Secretary ;

Mr. *Speaker*, his Excellency is in the Council-Chamber, and requires the Attendance of the House.

Whereupon Mr. *Speaker* left the Chair, and with the House waited upon his Excellency : And being returned, Mr. *Speaker* resumed the Chair, and reported, that the House had waited upon his Excellency, who was pleased to make a Speech to the Council and General Assembly ; of which Mr. *Speaker* said he had, to prevent Mistakes, obtained a Copy ; which by Order of the House was read, and is as follows, viz.

Gentlemen of the Council, and Gentlemen of the General Assembly ;

BY the Papers which I shall order to be laid before you, you will find that, since your last Sessions, the Indians have commenced fresh Hostilities against the English, and even extended their IncurSIONS to the Borders of this Province. Soon after the first Intelligence of their Depredations on the Frontiers of the neighbouring Governments, I directed the Commanding Officer of the Militia in *Suffex*, being the County most exposed, to have his Regiment fitted for Service, so that he might either march the Whole, or send Detachments, to any Part that should be attacked, or in

B

Danger:

' Danger : He was likewise ordered, in Case of Necessity, to call upon the
 ' Militia of the other Counties for Assistance. Accordingly, when the Indians
 ' had begun to ravage the adjacent Part of *Pennsylvania*, he sent a Detach-
 ' ment to occupy the several Posts which had been fortified on our Frontier
 ' during the late War. But as a Party of the Enemy did notwithstanding
 ' come over, and destroy some of the Settlers within the Limits of this
 ' Province; and as the rest of the Inhabitants of that County were thereby
 ' greatly alarmed, and apprehensive of Danger; I ordered Ninety Men from
 ' the Militia of *Morris* County to their Relief: And soon after, by the Advice
 ' of the C reinforced them with Forty-five Men from the Regiment
 ' of *Some*. rected the Fortifications at the several Posts to be repaired.
 ' Had not e been granted, there is great Reason to believe the
 ' Inhabitants ve abandoned their Settlements, and that Part of the
 ' Country rely depopulated, the Consequences of which are too
 ' obvious.---I have also empowered *Jonathan Hampton*,
 ' Esq. a which are now, or may hereafter be sent up to
 ' the F ons, and other Necessaries. Both he, and they,
 ' place e Honour and Justice of the Legislature of this
 ' Province, et with a proper Compensation for their Services.

' AFTER am far from thinking that even if the whole
 ' Militia of the e we sent to our Borders, they would be sufficient to
 ' secure effectually so extended a Frontier against the Inroads of Savages. A
 ' skulking Party of them will always have it in their Power, notwithstanding
 ' all our Care, to steal in unperceived, commit their Outrages, and retire with
 ' Impunity. Would you keep the War from your own Country, there is
 ' no Way so effectual as to carry it into that of the Enemy. By acting on
 ' the Defensive only, you give them almost every Advantage they could desire.
 ' They may uninterrupted assemble together from distant Quarters, settle their
 ' Plans of Operation, and take their own Time for carrying them into Execu-
 ' tion. But if we were to send Parties of Rangers into their Country, to cut
 ' off the Communication between their several Places of Residence, surprize
 ' them in their Hunting and Fishing, destroy their Corn Fields, bring off
 ' their Women and Children, and burn their Habitations, we should, in a
 ' little Time, be able to oblige them to accept whatever Terms we might think
 ' proper to dictate. In short, if we would fight them in their own Way, we
 ' should find that an Indian War would soon be stripped of all its Terrors:
 ' And this, were the Colonies united in their Measures, would be a Matter of
 ' no Difficulty, as we could then with Ease furnish ten Parties for one that
 ' could be furnished by the Enemy.

' These having been long my Sentiments with regard to the Method of
 ' conducting a War against Indians, it affords me particular Pleasure to have it
 ' now in my Power to lay before you a Plan of Sir *JEFFERY AMHERST*'s, for
 ' " putting in Execution such *offensive Operations* as may be most effectual for
 ' " reducing the Savages, and securing Peace and Quiet to the English Settlements
 ' " hereafter." ' For this desirable Purpose, the General makes a Requisition
 ' of Six Hundred Men, to be raised, cloathed, and paid by this Province:
 ' Arms, Tents, and Provisions he undertakes to supply on the Part of the
 ' Crown. They, with the Troops that are to be raised in *New-York*, and such
 ' Regulars as can be collected, are to be employed in punishing the Savages to
 ' the Northward, while the Forces raised in the Southern Colonies are carrying
 ' on their Operations against the Enemy in that Quarter.---

' The

‘ The Plan proposed, *Gentlemen*, appears extremely judicious, and will probably, if well executed, be productive of the most salutary Effects. It will too, I am convinced, be a considerable Saving to the Province: For the frequent taking the Inhabitants from their several Employments, marching them to the Frontiers, and maintaining them while there, is attended not only with a great Expence to the Publick, but a heavy Loss to Individuals, who being many of them Masters of Families, their private Affairs must suffer greatly in their Absence.

‘ Although the People of this Province have had but very little, if any, Commerce with Indians, yet I think it adviseable, on the present Occasion, that a Law should be passed forthwith, for making it highly necessary to supply them with any military Stores whatever.

‘ I have but little more, *Gentlemen*, to add on this Head, but must be as fully convinced as myself, that unless during the present War these Barbarians feel very sensibly the Weight of our Resistance, we may hereafter conclude with them, will be but of little avail. Their seizing upon the Effects, and massacring the Persons who came among them, upon their own Invitation; the shedding of cold Blood, the Garrisons who had surrendered on Promise of Mercy and Protection; and their butchering Women and Children, even Persons who had done them signal Favours; are such strong Instances of their Breach of Faith, Treachery, and Inhumanity, that they no longer deserve to be considered as in the Scale of human Beings, or indeed upon a Level with the ravenous Beasts of the Wilderness.

‘ The Company in the Pay of this Province, which has been long stationed at *Niagara*, is, as you will see by the Papers communicated to you, greatly reduced. Part of them are now on their Return to the Province, and the General has promised to discharge the Remainder as soon as the Service will admit of it. Some additional Provision there will be a Necessity of making on their Account.

‘ The Re-enacting (and amending, if requisite) the Law for regulating the Militia, is another Matter that I must recommend to your Consideration.

‘ *Gentlemen of the General Assembly;*

‘ As I form my Expectations of your future from your past Conduct, I cannot admit of a Doubt that you will most cheerfully raise the Supplies now required.---It would I assure you, be with Reluctance that I should consent to lay any additional Taxes on a People, who have borne so large a Share of the Burthen of the late War, did I not know that their immediate Preservation made it a Matter of Necessity.

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly;*

‘ You will, perhaps, when you have gone through the several Matters I have now recommended to you, think it a convenient Season for engaging in the other Business of the Province. If this should be the Case, you may depend on finding me ready to co-operate with you in whatever may be necessary for the Publick Service.’

Ordered,

That his Excellency's Speech have a second Reading.

Five Petitions were presented to the House, from the County of *Cape-May*; the First from the Justices and Freeholders; the Second from the chosen Freeholders; and the Third, Fourth and Fifth, from the Upper, Middle and Lower Precincts; all setting forth, that the Court-House and Gaol of said County are not only too small, much out of Repair, but likewise not commodiously situated; and craving to be enabled by Law, to erect in Lieu thereof another Court House and Gaol upon such Part of the Plantation of *Daniel Hand*, of the Middle Precinct, near his Dwelling-House there, as he the said *Daniel*, and the Justices and Freeholders shall agree upon, as being a more central Part of the County than where the present decayed and incommodious Court House and Gaol now stand; which Petitions were read, and ordered second Readings.

Gentlemen,

AS I find, by your Minutes, that the Sum which you propose granting for the Protection of the Frontiers, is intended to be struck in Paper Currency, I think it my Duty to lay before you, a Copy of the Royal Instruction to me on that Head, together with Copies of four other Instructions relative to the Disposition of the publick Money when raised.—You will readily perceive, that these Instructions are calculated for the Good of the Province; and, however former Assemblies may have deviated from them on particular Exigencies, I cannot but hope, that you will gladly embrace the first Opportunity of complying with what is so necessary, to prevent one Branch of the Legislature from interfering with the proper Powers of another, and to save the Province from the Mischiefs which attend an over Quantity of Paper Currency.

F

I HAVE

JOHN JOHNSTON,
 JOHN WETHERILL,
 GEORGE READING,

THAT the Variation now propofed is the fame, and the Neceffity equal, if not greater : --- That moft, if not all the Colonies of *North-America*, who affifted in the late War, have had the fame Difficulty to get over ; and yet have been obliged to do it, and at Times when the Neceffity was lefs than at prefent.---That the diftrefsed Circumftance of our Frontiers is fuch, that if it had not been for the early and prudent Steps his Excellency has taken, by fending up the Militia, great Depopulation and Confufion muft have followed, if not many Lives loft, in a Manner too fhocking for us to mention.---That the great Hardfhips the Militia have already fuffered, makes it very unequal to expect they could have affifted much longer.--- That every Year till the Time propofed in the prefent Law for finking the Money, is exceedingly loaded with Taxes, occafioned through the repeated Exertions of this Province in the late glorious War.---That the immediate Want of Money, and Impossibility of raifing it but by an Emission in the Manner propofed, muft make it evident, that we have not willingly attempted to increafe our Paper Currency ; tho' our Lands and Eftates being mortgaged, is Security that never has or can be questioned ; and the Way that Currency makes for fending Silver and Gold to pay our Debts in *Britain*, rather increafes its Credit, the longer it circulates ; and it being Yearly funk in large Sums, when the Addition now offered is made, the Currency will be lefs by upwards of £. 20,000, than it was in the late War ; neither is the Time for finking it fo long as hath been before.--- That this being a plain State of Facts, we hope, the diftrefsed Situation of our Frontiers, and the unavoidable Neceffity of the Meafure, will plead its Excufe.

TO

TO His Excellency WILLIAM FRANKLIN, Esq; Captain General, Governor and Commander in Chief in and over his Majesty's Province of Nova-Cæfareæ or New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the REPRESENTATIVES of the said Province, in General Assembly convened.

May it please your Excellency,

WE His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of NEW-JERSEY, in General Assembly convened, sensible of the salutary Effects attending the early Measures taken by your Excellency, for the Defence of the Frontiers, return you our hearty Thanks for the Safety and Protection of the People under your Government.

TO enable your Excellency to prevent the Incursions of the Indians, till a sufficient Force can be raised, we have provided for the Militia detached by your Excellency, also for repairing the Block-Houses; and that the Militia may not be too much harrassed, we have passed a Bill for the levying Two Hundred Men, to be stationed as a Frontier Guard, and to relieve the Militia now there by your Order.

WE have passed a Bill for continuing the old Militia Act, and also one for prohibiting the Sale of warlike Stores to such Indians as do not now reside in this Government.

AS to carry on to Effect any War, that it may be thought proper to enter into with the Indians, the joint Efforts of all the Colonies, must be more effectual than the most vigorous Exertions of any One or Two, and the Occasion generally interesting; we must confess ourselves at a Loss to know, why his Majesty's General should confine the Northern Part of his Requisition, to this Colony and New-York only; and apprehending that the Defence of our Frontiers is as much as can be expected from us, until the other Provinces concerned in the present alarming Situation of Indian Affairs, are also called upon for their proportionable Aid; we have been obliged to postpone granting the Requisition, so far as it regards the entering into offensive Measures, for the present.

WHEN his Majesty's Pleasure shall be signified, and the other Governments come into such Measures as the General may propose, for remedying an Evil, that has long concerned the Provinces to know the Cause of, in order to apply an adequate Remedy; we shall on our Parts, not fail to give our best Attention, and grant every Requisition that can reasonably be asked.

December 7, 1763.

20. *An Act to naturalize Johannes Kank, John Dellar, George Kesler, and George Himns.*

And then his Excellency prorogued the House, by the following Speech.

‘ Gentlemen,

‘ I AM glad to find by your Address, that though you could not be prevailed upon to comply at present with the Requisition of his Majesty’s General; yet you give some Assurances, that you will grant at a future Sessions your full Proportion, towards carrying into Execution a Measure so necessary for the publick Safety. It is to be wished that the Assemblies of the other Colonies, for whose Determinations you think proper to wait, may not be influenced by your Example, and delay the Service required of them. In that Case, I know not what is to become of our Frontier; for I am convinced, that your Bill for raising Two Hundred Men to be stationed there, will not afford sufficient Security to the Inhabitants if the War continues, and that Nothing but offensive Measures will answer the Purpose.

‘ I should not therefore have been prevailed upon, to consent to the Passing a Law so inadequate, and so unconstitutional, as it is in several Respects, but that the Exigency required something to be done, and that this was all that could be obtained.

‘ AS you have left Affairs in this Situation, it will not be by any Means proper to give you a long Recess; I therefore prorogue you to Tuesday the Tenth Day of January next, then to meet at AMBOY.’

BY Virtue of an Order of the House, I do
appoint *James Parker*, of *Woodbridge*, to
print these Votes.

ROBERT OGDEN,

Speaker.

Votes of the General Assembly.

PERTH-AMBOY, Tuesday, February 14, 1764.

PURSUANT to His Excellency's several Prorogations of the General Assembly, from time to time, to this Day, the House met, and adjourn'd till To-morrow Morning, Nine o'Clock.

Wednesday, February 15, 1764.

The House met.

Ordered,

That Mr. *Wetherill* and Mr. *Skinner*, do wait upon his Excellency, and acquaint him, that a sufficient Number of Members to proceed upon Business are met, and ready to receive any Thing he shall please to lay before them.

Mr. *Wetherill* reported, that Mr. *Skinner* and himself, delivered the above Message to his Excellency, who was pleased to say, the House should hear from him To-morrow Morning.

The House adjourn'd till To-morrow Morning, Nine o'Clock.

Thursday, February 16, 1764.

The House met.

A Message from his Excellency, by Mr. Secretary ; informing the House, that his Excellency is in the Council-Chamber, and requires the Attendance of the House immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency : Being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited upon his Excellency, who was pleased to make a Speech to the Council and House of Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy ; which by Order of the House was read, and is as follows ;

' Gentlemen of the Council, and Gentlemen of the General Assembly ;

AT your last Sessions it was thought proper to postpone complying with the Requisition of his Majesty's General, until the Royal Pleasure should be signified, and the Determinations of the other Colonies, with regard to the Measure proposed, be made known. I shall now give you all the Satisfaction in my Power on both these Heads.—By a Letter from the Right Honourable the Earl of *HALIFAX*, Secretary of State, I have received his Majesty's Orders, “ earnestly to recommend to you, forthwith to make Provision, for enabling me to call out a sufficient Number of the Militia, or to raise such a reasonable Number of Troops, as, from the actual State of the Indian War, the Commander in Chief of the King's Forces in North-

B

“ America

“ *America* shall think necessary; and to employ them not only in defending
 “ and protecting the Lives and Properties of his Majesty’s Subjects on the
 “ Frontiers of this Government, but also in acting offensively against the
 “ Indians, at such Places, and in such Manner, as the said Commander in
 “ Chief shall direct.—And his Majesty trusts, that the Legislature of this
 “ Government, from their Zeal and Affection for his Service, as well as from a
 “ just Regard to the Safety and Welfare of the Colony, will readily and cheer-
 “ fully concur in exerting themselves upon this important Occasion, to the End
 “ that his Majesty’s Subjects in *North-America* may peaceably enjoy the Fruits
 “ of the many glorious Successes obtained there by his Majesty’s victorious
 “ Arms during the late War, and the extensive Advantages secured to them by
 “ the late Peace.”——As to the Conduct of the other Colonies on this in-
 “ teresting Occasion, the Assembly of *Pennsylvania*, I am informed, cheerfully
 “ and immediately voted the whole Number of Troops required of that Pro-
 “ vince. But the Assemblies of the *New-England* Governments, it seems, not
 “ thinking themselves so nearly concerned in the War, have thought proper to
 “ postpone their Determinations on this Matter till *March*. The Expediency,
 “ however, of having a considerable Body of Troops to take the Field early in
 “ the Spring, supposing the Indians inclinable either to Peace or War, is so
 “ forcibly represented in a Letter I last Night received from General GAGE, and
 “ which shall be communicated to you, that I think you cannot but come into
 “ the same Sentiments, and act accordingly.

“ THE Cause of the present Defection among the Indians, you likewise at
 “ your last Sitting intimated a Desire to be informed of. The many and various
 “ Opinions which were then circulated on that Head, bore such evident Marks
 “ of being founded on Conjecture only, that I could not think any of them
 “ worthy your Attention. But I have since received an Account of a Con-
 “ ference held by Sir WILLIAM JOHNSON, with a numerous Body of Indians
 “ in *September* last, wherein Sir WILLIAM (who must be supposed to have the
 “ best Information) says, that the Indians, “ without any Notice or Provocation,
 “ fell upon our Traders,” &c.—But I refer you to the Conference itself, which
 “ I shall order to be laid before you.—It does not appear, that even the Indians
 “ themselves alledge, or so much as insinuate, that the English had by any
 “ Offence whatever provoked the late Outrages. On the contrary, one of
 “ their Speakers tells Sir WILLIAM, “ the *Seneca* Warriors had owned, that
 “ their Sachems did not act right, that the *Onondagoes* had wise Men to guide
 “ them, but they had none, which was the Cause of the present Troubles.”

“ MATTERS being thus circumstanced, the Necessity of sending an armed
 “ Force into the Indian Country, to bring them to a right Sense of their per-
 “ fidious Conduct, is most evidently apparent. Indians, in general, are a war-
 “ like People from their Infancy. They ever entertain a thorough Contempt
 “ for the Nation who will make Peace without obtaining Satisfaction for Injuries
 “ suffered by the War. When that happens to be the Case, they seize the
 “ first Opportunity of renewing their Hostilities. A recent Instance of this we
 “ have in the Creek Nation; who being invited to the late Congress held with
 “ the Southern Indians, accepted the Invitation, received the King’s Forgiveness
 “ for their former Offences, entered into a Treaty of Friendship and Alliance,
 “ partook of the Presents sent by his Majesty, and soon after destroyed a Num-
 “ ber of the Back Inhabitants of *South-Carolina*. In short, to obtain a solid
 “ and durable Peace with Indians, we must first make them feel the Miseries
 “ of War.

‘ I have therefore, *Gentlemen of the General Assembly*, the fullest Reliance on the Assurances you gave me at your last Sitting, of complying with the General’s Requisition. By going chearfully into this reasonable and necessary Measure, you will confirm the favourable Sentiments his Majesty already entertains of the People of this Province, and in the most effectual Manner provide for their Security.

‘ THE Militia, who were draughted for the Protection of the Frontiers, are, since your last Sessions, relieved by the Troops raised for that Purpose.---The People have, during the Winter, remained at their respective Habitations, and met with no Disturbances from the Enemy; but as the Spring advances, they are apprehensive of fresh Depredations.

‘ *Gentlemen of the Council, and Gentlemen of the General Assembly;*

‘ I think it proper at this Time to mention to you, That some People in *Pennsylvania*, having, contrary to the common Principles of Humanity, murdered, in cool Blood, a Number of friendly Indians, who had long lived peaceably among the Inhabitants of that Province, in the Manner the Indians at *Brotherton* have resided among us; and having also, in Contempt of the Government, which had taken them under its Protection, threatened the Destruction of other Indians remaining there, tho’ they had given the strongest Proofs of their Attachment to the British Nation; I did, at the Request of Governor PENN, grant a Passport for their safe Conduct through this Province, in their Way to Sir WILLIAM JOHNSON. They proceeded as far as *Amboy*, but being refused a Passage through the Government of *New-York*, they are since returned to *Philadelphia*. A small Number of them, who were well recommended to me, are, with my Permission, placed near *Woodbury*, I having received Assurances that the Township will be put to no Charge for their Support. The principal Inhabitants there have given them a friendly Reception; and I trust, that there is not a Person in this Province, but has a just Abhorrence of the unmanly Behaviour of those lawless Rioters of *Pennsylvania*.---To be ardently inclined to have the Indians now at open War with us severely chastised for their Perfidy, is highly commendable; yet, surely, not only Humanity, but sound Policy, and common Sense, dictate that we should give all the Encouragement and Protection in our Power to those who shew themselves our Friends at such a Juncture.

‘ FREQUENT Meetings of the Legislature I well know to be attended with Inconvenience to your private Affairs. It is therefore my fixed Intention never to call you together but when the publick Service makes it necessary. Perhaps the going at this Time into the Consideration of the current Business of the Year, may prevent the Occasion of a Session at an inconvenient Season: If this should be your Opinion, you may depend that my Concurrence will not be wanting.

Ordered,

That his Excellency’s Speech have a second Reading.

A Petition was presented to the House, from a large Number of the Inhabitants of the Northern Parts of the Township of *Shrewsbury*, in the County of *Monmouth*; setting forth the Difficulties they labour under, in paying their Taxes and transacting their publick Town Business, by Reason of the Extent of their Township, and the Distance many of them are from the Metropolis of the same; praying a Law to annex them to other Townships more contiguous, or to erect a new Township; which was read, and ordered a second Reading.  ‘ *York*, for settling the Boundary Line between the two Provinces, approve of
 ‘ the Purport of those Acts, and are on that Account, inclinable to recommend
 ‘ them for Allowance to his Majesty: But some Difficulty arising with regard
 ‘ to one of the Commissioners nominated in the Act of this Province, has oc-
 ‘ casioned their Lordships to object to the advising the Confirmation thereof as
 ‘ it now stands. I therefore recommend it to you, to pass another Act, in
 ‘ every Respect like the former, except, that in the Room of the two Gentle-
 ‘ men first named therein as Agents, (one of whom being since deceased,) let
 ‘ the Names of *William Donaldson* and *Walter Rutherford*, Esqrs, be inserted;
 ‘ this will obviate the Objection of their Lordships, and be a Means of obtaining
 ‘ the many salutary Purposes, which must necessarily ensue to this Province,
 ‘ from that Act being carried into Execution.’

A Message from his Excellency, by Mr. Secretary, informing the House, that his Excellency is in the Council Chamber, ready to receive the Address of the House, and give his Assent to several Bills before him.

Whereupon Mr. Speaker left the Chair, and with the House, went to wait upon his Excellency, and delivered their Address in the Words following :

TO His Excellency WILLIAM FRANKLIN, Esq; Captain General, and Governor and Commander in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the REPRESENTATIVES of said Province, in General Assembly convened.

May it please your Excellency,

WE His Majesty's dutiful and loyal Subjects the Representatives of New-Jersey, in General Assembly convened, have deliberately considered the Matters recommended in your Excellency's Speech, and found it necessary to go into some Preparations for the general Service.

IN the Original Settlement of this Province, great Circumspection and Care was used to gain and preserve the Friendship of the Indian Natives; their Lands were from time to time, fairly and openly purchased, to their general Satisfaction; this conciliated their Affection, and for a long Course of Time, they were eminently serviceable to the new Settlers; and since the Beginning of their Hostilities, lest some among them should think any Part of our Lands remained unpurchased, Care was taken at the Treaty of Easton, in 1758, to obtain for a valuable Consideration, a general Release for all the Lands in this Province, such Parts only excepted as were reserved for the Use of those Indians that inclined to live under the Protection of this Government; this was done, and the Money paid in open Council, and their Approbation universally express'd: Such therefore being the Circumstances of this Province, with regard to the Indians; it became a Matter of Astonishment to us, that any Conduct of their's, should give Reason to fear their Intentions respecting us: And whether they had actually any Design upon this Province, or not, their Hostilities in the Neighbourhood of our Frontier, and in one doubtful Instance over the Line, were Inducements to place a Frontier Guard of Two Hundred Men, for the Winter past; the continuing this Guard, we believe, might be Security for

F

our

our small Frontier ; but as their Perfidy to the Government seems to require Chastisement, and the Operations to make a future Peace effectual, calls for the united Force of the Colonies : We have now passed a Bill, for raising the Number of Men mentioned in the General's Letters, on Condition a Majority of the Eastern Colonies should come into the Requisition ; conceiving, that as we can neither rank among the most able, nor are most exposed by our Situation ; the making this Provision, by which our Levies may be as soon in the Field as any of the Eastern Colonies, is coming up to the Demand of his Majesty, by the Secretary of State, and the General.

WHILST we are thus preparing for bringing perfidious Savage Violators of publick Faith, to a Sense of their Interest, we would by no Means be understood as including Resentment against all Indians ; Experience shews, as your Excellency justly observes, that there are many among them, notwithstanding the general Corruption of the Tribes, some that have distinguished themselves by a long and steady Attachment to the English ; such there are amongst us ; these demand our Protection. Justice to the Original Proprietors, whose Lands we purchased and occupy, the Faith of the Government, their Proofs of the Fidelity require it ; and we have a well grounded Confidence in our Constituents, that no Occasion will be given (by any Act of theirs) to brand them with the Loss of their distinguishing Faculties, nor plunge into a Conduct, that besides incurring the Penalties of Government, tends to banish Justice from the World, stains the Christian Name, and stamps Disgrace upon Human Nature, by punishing the Innocent, for what the Guilty only should suffer.

By Order of the House,

ROBERT OGDEN, Speaker.

His Excellency was then pleased to give his Assent to the following Bills, enacting the same, viz.

An Act for the Support of Government of his Majesty's Colony of New-Jersey, to commence the Twenty-first Day of May, One Thousand Seven Hundred and Sixty-four, and to end the Twenty-first Day of May, One Thousand Seven Hundred and Sixty-five ; and to discharge the publick Debts and contingent Charges thereof.

An Act for submitting the Property of Lands, which are held or claimed by any of his Majesty's Subjects, as lying within this Colony, and are affected by the Controversy about the Boundary or Partition Line between this Colony and the Colony of New-York, to such a Method of Decision as his most Gracious Majesty shall think proper, by his Royal Commission, or otherwise, to appoint.

An Act for subjecting the Estates of the General Proprietors of the Eastern Division of this Colony, to the Indemnification of this Province, from any Expence in running the Line between New-Jersey and New-York.

An Act to naturalize Joseph Behringer, John Snoffer, George Windemude, Gasper Shepperd, Walton Vokes, John Henry Snoffer, Martin Swort Welder, Adam Cuncle, Andrew Wagener, John Philip Weiker and John Morkel.

An Act to enable the Owners and Possessors of certain Salt Meadows and Marsh, lying in the Townships of Woodbridge and Piscataway, to make and keep open the necessary Drains, build and repair Bridges and Gates, for the Uses therein mentioned.

His

His Excellency then made the following Speech.

‘ *Gentlemen of the General Assembly ;*

‘ **H**IS Majesty’s Council being of Opinion, that your Supply Bill is of too uncertain a Nature, and too inadequate to the Purpose, cannot let it pass their House. As it has therefore not yet come before me, my Opinion is not to be expected, any otherwife than as founded on the Account of it contained in your Address.---Upon that Representation alone, I cannot but be of the same Sentiments with the Honourable Gentlemen of the Council. But to prevent any Altercation, which a particular Disquisition on the Subject of a Money Bill might occasion ; I think it expedient to give you a short Prorogation, that you may have an Opportunity of bringing in a new Bill, not liable to the same Objections as the present.

‘ I do therefore prorogue you, to Two o’Clock this Afternoon, then to meet at *Pertb-Amboy.*’

February 23, 1764.

The engross’d Bill, entitled, *An Act for raising a Number of Men, in the usual Proportion, &c.* was read and compared ; and on the Question, whether the said Bill do pass or not ? it was carried in the Affirmative, as follows :

Votes of the General Assembly.

BURLINGTON, TUESDAY, May 21, 1765.

PURSUANT to His Excellency's several Prorogations of the General Assembly, from Time to Time, to this Day, the House met, and adjourn'd till Ten o'Clock To-morrow Morning.

Wednesday, May 22, 1765.

The House met.

Mr. *J. Lawrence* reported, that Mr. *Johnston* and himself had waited upon his Excellency, according to the above Order, who was pleased to say, he should be in the Council-Chamber about Twelve o'Clock, when the House should hear from him.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency: And being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited upon his Excellency, who was pleased to make a Speech to the Council and General Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which by Order of the House was read, and is as follows, *viz.*

' Gentlemen of the Council, Mr. Speaker, and Gentlemen of the General Assembly;

IT is with infinite Satisfaction that I embrace this first Opportunity of congratulating you upon the happy Termination of Hostilities with the Indians. By the wise Measures of His Majesty's General, and the judicious, spirited Conduct of Colonel *Bouquet*, they have been reduced to accept the most humiliating Terms of Accommodation. They were not only compelled to deliver up all their Prisoners, but even their own Children born of white Women; and to give up a Number of their principal Chiefs, to remain as Hostages, till they should send Deputies to Sir *William Johnson*, to settle a Peace upon such further Terms as he should think necessary.

' The Troops you enabled me to send into the Field, for the last Campaign, were of considerable Service: Their Behaviour, in every Respect, was such as did Honour to the Province. The Guards placed on our Frontiers have likewise done their Duty, and the Inhabitants have been fully protected from the Incursions of the Enemy.

‘ I have it in Charge from His Majesty to recommend to you the Facilitating the
 ‘ Conveyance of Letters, by the Posts, through this Province. A regular, safe and
 ‘ speedy Correspondence is of the utmost Importance to his Majesty’s Service, and to
 ‘ the commerical Interest and general Convenience of his Subjects. It is therefore not
 ‘ to be doubted but the Legislatures of the several Colonies will readily and chearfully
 ‘ promote the Establishment of Ferries, the Erection of Bridges, the Improvement
 ‘ of Roads, and whatever else may contribute to prevent Delays and Interruptions to
 ‘ the Posts in passing.---His Majesty’s Deputy Postmasters General for the Northern
 ‘ District of *America*, have given me Assurances, that if the Legislature of this Pro-
 ‘ vince will cause Bridges to be erected over *Ancoas*, and the Creek near the Barracks
 ‘ in this City, they will order the Posts to take that Route in their Way between *New-*
 ‘ *York* and *Philadelphia*; as the Communication will be thereby considerably shortened,
 ‘ and rendered far more certain. The many Advantages to the Province in general,
 ‘ which will attend this Measure, if carried into Execution, will, in my Opinion,
 ‘ greatly overballance any Inconveniences it may occasion. Indeed, all of the latter,
 ‘ which I have yet heard suggested, have been either imaginary, or such as are merely
 ‘ local, and might be easily obviated.

‘ I have received from the Lords Commissioners for Trade and Plantations, an
 ‘ Order of His Majesty in Council, repealing the *Act for rendering void the Lottery*
 ‘ *lately made by Peter Gordon, for the Sale of certain Lands in the County of Middlesex,*
 ‘ passed in the Time of your late Governor. Their Lordships Reasons for pro-
 ‘ posing the Repeal of this Act, and for not laying before his Majesty an Act, passed
 ‘ at the same Time, *for imposing a Duty upon the Importation of Negroes*, will appear
 ‘ by an Extract of their Letter, which the Secretary will communicate to you.

‘ It would afford me, *Gentlemen*, the greatest Pleasure to see the Inhabitants of
 ‘ this Province, now Peace is so happily established, turning their Attention to the
 ‘ Cultivation and Production of such Articles as might serve for Remittances to the
 ‘ Mother Country; and which, at the same Time that they tended to her Advantage,
 ‘ might prove beneficial to the Colony. For this Purpose, I would recommend to you
 ‘ to grant a Bounty to encourage the Raising of Hemp and Flax, and the Cutting
 ‘ of Plank and Timber, for Exportation to *Great-Britain*. The Parliament have
 ‘ already granted some Encouragement to the two first Articles, and the truly laudable
 ‘ Society for Arts, Manufactures and Commerce, have shewn a Disposition to promote
 ‘ the others. They have, for that End, sent into several of the Colonies Boxes, con-
 ‘ taining Specimens of divers Sorts of Fir Timber, and Deals, which are imported
 ‘ into *England*, from *Riga* and *Norway*, with a Description of the same, and the Prices
 ‘ they are sold at. One of these Boxes and Descriptions I have received, and shall order
 ‘ it to be shewn to any of the Inhabitants of the Colony, who may incline to see them.
 ‘ This you may depend on, that every Species of Timber has for many Years been
 ‘ rising in Price in *Great Britain*; and that there is scarce any Thing wanting, to make
 ‘ a ready Vent for Oak, Fir, Pine, Cypress, and Cedar from *America*, but a Know-
 ‘ ledge of the Scantlings wanted for each particular Use, and to cut for that Market
 ‘ good Wood, in the right Season.

‘ The Society before mentioned have likewise given handsome Premiums for the
 ‘ Encouragement of the Culture of Silk, and the Making of Wines and Pot-Ash in
 ‘ *America*; and as they might be produced in this Province (as appears by some Ex-
 ‘ periments made in the neighbouring Colonies) it might be worth your Enquiry,
 ‘ whether it would not be proper for the Legislature to grant such further Assistance
 ‘ as may be sufficient to incite the People to undertake the Production of those valuable
 ‘ Articles.

‘ The Militia Law being near expired, it is necessary that you should take that Matter
 ‘ into your Consideration. A well regulated Militia is of the utmost Importance to the
 ‘ Security of the Inhabitants from foreign Invasions, and internal Commotions. Our
 ‘ Law for that Purpose has been generally complained of as defective in several material
 ‘ Points, but I hope this Session will produce one less liable to Objection.

‘ *Mr.*

Mr. Speaker, and Gentlemen of the Assembly.

‘ Besides the due Support of his Majesty’s Government, I have only to recommend that you would make Provision for the Pay owing to the Forces raised last Year, for the Time they were obliged to serve after the first Day of November.

Gentlemen of the Council, Mr. Speaker, and Gentlemen of the Assembly,

‘ So many Benefits to the Publick have resulted from a perfect Harmony subsisting between the different Branches of the Legislature in this Province, that I am convinced no Arguments are necessary to induce you to endeavour its Preservation and Continuance; I shall therefore only add my earnest Wishes, that all your Consultations may be productive of the most happy Consequences to this Country.

Ordered,

That his Excellency’s Speech have a second Reading.

The House adjourn’d till Three, *P. M.*

The House met.

His Excellency’s Speech was read the second Time, and all the Papers therein mentioned, were also read, and committed to a Committee of the whole House.

At the COURT at ST. JAMES’S, the 20th Day of July, 1764.

P R E S E N T,

The KING’s Most Excellent Majesty.

Lord STEWARD,

Earl of HILLSBOROUGH,

Earl of SANDWICH,

Mr. Vice CHAMBERLAIN,

Earl of HALIFAX,

GILBERT ELLIOT, Esq;

Earl of POWIS,

JAMES OSWALD, Esq;

Earl of HARCOURT.

‘ WHEREAS the Governor of His Majesty’s Province of New-Jersey, with the Council and Assembly of the said Province, did in September, 1762, pass an Act, which hath been transmitted, intituled as follows, viz.

‘ *An Act for rendering void the Lottery lately made by Peter Gordon, for the Sale of certain Lands lying in the County of Middlesex, and to relieve and secure the Trustees and Managers of the said Lottery, against any Action that is or may be brought against them concerning the same.*

‘ And whereas the said Act, together with a Representation from the Lords Commissioners for Trade and Plantations, proposing the Repeal thereof, having been referred to the Consideration of a Committee of the Lords of His Majesty’s Most Honourable Privy Council for Plantation Affairs; the said Lords of the Committee did this Day report, as their Opinion to his Majesty, that the said Act ought to be repealed.-----His Majesty taking the same into Consideration, was pleased, with the Advice of His Privy Council, to declare His Disallowance of the said Act, and pursuant to His Majesty’s Royal Pleasure thereupon express’d, the said Act is hereby repealed, declared void, and of none Effect:---Whereof the Governor or Commander in Chief of His Majesty’s said Province of *New-Jersey*, for the Time being, and all others whom it may concern, are to take Notice and govern themselves accordingly.’

W. BLAIR.

Extract of a Letter to the Governor, from the Lord’s Commissioners for Trade and Plantations, dated July 13, 1764.

‘ As we have no particular Objection to the Policy of imposing a reasonable Duty upon the Importation of Negroes, we should have been glad to have laid the Laws passed for that Purpose, before His Majesty, for his Approbation: But as the Duty is laid payable by the Importer, and a Part of it is reserved in Case of Re-exportation, it appears to us, to be contrary in both these Respects, to the Twenty-sixth Article of your Instructions.’

Petitions were presented to the House, from Prisoners confined in most of the County Goals of this Province, setting forth their several distressed Circumstances, and praying for an Insolvent Act; which Petitions were read, and ordered second Readings.

A Petition was presented by sundry of the Inhabitants of *Chesterfield*, in the County of *Burlington*, at their Town Meeting, setting forth their Dissatisfaction at the present Mode of repairing Highways by the Labour of the Inhabitants; and praying a Law which may expire in two Years, to levy a Tax on the Inhabitants of said Township for the repairing their Roads, and that their Supervisor may be chosen and qualified at their annual Town Meetings, and be allowed Wages, and have Power to hire Labourers from Time to Time; and that a Treasurer may also be chosen at their said annual Town Meetings, and that a Clause may be added more clearly to direct the said Supervisor in what Manner he shall obtain Timber for the Use of the said Highways; which was read, and ordered a second Reading.

A Petition was presented to the House from Eighty-five Freeholders and Inhabitants of the Township of *Upper-Freehold*, in the County of *Morrmouth*, setting forth, that *Upper-Freehold* aforesaid, is a Patent Township, and enjoys Privileges which the Townships of *Freehold* and *Shrewsbury* in said County do not; and that the Petitioners are informed that one or more Petitions are before this House from the Township of *Shrewsbury* aforesaid, for Leave to bring in a Bill, to add or annex Part of said Township of *Shrewsbury* to *Upper-Freehold* aforesaid, or for a new Township, and praying that their Liberties may remain inviolable, and that the Bill for the Purpose aforesaid, be not admitted; which was read, and ordered a second Reading.

A Petition was presented to the House and read, from *Thomas Ewing* and *Thomas Ogden*, Coroners of the County of *Cumberland*, setting forth, that there is no Law nor sufficient Custom, to direct of whom they may demand and receive their Fees as by Law allowed; nor have they ever received any Fee or Reward for the many and difficult Services which their Duty as Coroners obliges them to perform; and as the Petitioners presume it is not agreeable to the House or the good People of this Province, that such Services as are done by the Coroners or Jurors who attend them, should remain unrewarded; they pray such Relief in the Premises as the House in their Wisdom shall think right.

Ordered,

That the said Petition be read a second Time.

A Petition was presented to the House from *Thomas Clark*, *Ephraim Terrill*, *Abraham Clark*, jun. and *Nicholas Britain*, setting forth, that the Petitioners are possessed in Joint-Tenancy of certain Lands, situate in the County of *Essex*, lying adjoining on the South West Side of *Raway* River, through which Land the Country Road now passes, and are desirous of erecting a Mill or Mills on said River; and that the most convenient Place for erecting the same, both for the Petitioners and the Publick, is in the said Country Road; making the Causeway a Part of the Dam: And a Certificate was also presented to the House from a Number of the Inhabitants of *Raway*, living contiguous to the Place aforesaid, notifying their Consent to the Building of the Mills prayed for; provided the Petitioners will maintain and support the said Dam and Causeway at all Times hereafter, at their own Costs and Charges, for so long Time as they shall keep up said Dam and Works; and a Copy of an Advertisement was also presented, importing, that the Petitioners did intend to apply to the Legislature at this Session, for the Purpose of erecting the said Mills at the Place aforesaid; and also a Copy of a Letter from two of the Petitioners directed to *Edward Frazee*, notifying him of this Application; all which were read, and ordered a second Reading.

A Petition was presented to the House from sundry Freeholders, Inhabitants of the Township of *Little Egg Harbour*, in the County of *Burlington*, setting forth the Privileges they ought to possess without Interruption, respecting fishing, fowling, hunting, claming and oystering; and praying a Law to prevent Strangers interfering with their Property therein, saving the Liberty for all Sea-faring People on board the coasting Vessels coming into their Inlet for Trade, to fish, fowl, clam or oyster for their own Provision, while they are there; which was read, and ordered a second Reading.

A Petition was presented to the House from sundry Inhabitants of the Township of *Springfield, Mansfield and Northampton*, Owners and Possessors of Meadows, lying on *Esfaconck, or Birch Creek*, in the County of *Burlington*, setting forth, that there is a large Quantity of Meadow lying on the said Creek, between the upper and lower Part thereof, which, for Want of proper Vent to carry off the Water, is but of little Value to the Owners, the Water Course being obstructed by Logs, Brush, Shoals, &c. and praying a Law to clear and open the said Creek and Branches thereof; which Petition was read, and ordered a second Reading.

A Petition was presented to the House, from 54 Inhabitants of the County of *Somerset*, setting forth, that whereas the Legislature, in the Year 1751, found it necessary to lay a provincial Tax; and observing, that the Quotas of the several Counties had not been ascertained for many Years past; and that the Circumstances of the several Counties then in being, were much altered, and others erected; in order therefore that the Taxes then necessary to be raised, be equally proportioned among the several Counties, did order an exact Account to be taken of all the Rateables, and in Consequence thereof, settled and fixed the Quotas of the several Counties, which have remained so ever since; altho' the Circumstances of some of the Counties are very much altered, and one new One erected; by Reason whereof, the Taxes by this Time must be very unequal; and further setting forth, that as the County of *Somerset* lies bordering on divers other Counties, several of the Petitioners have thereby an Opportunity to know the great Odds there is between the Taxes in *Somerset* and some other Counties; and that in several Instances *Somerset* pays near one Half more on the same Lands in Quantity and Quality than others; and therefore praying, that the Quotas of the several Counties may be re-settled, or such other Relief granted in the Premises to *Somerset*, as the House in their Wisdom shall think fit; which Petition was read, and ordered a second Reading.

A Petition was presented to the House from *Thomas Bartow and John Smyth*, of *Perth-Amboy*, praying, for the Reasons therein contained, a Law to oblige the Barrack-Masters or others, who are appointed to take Care of the Barracks at *Perth-Amboy* for the Time being, to keep the Fence round the Barrack Lot at all Times good and sufficient, and to satisfy all Damages which may accrue to the Petitioners, their Heirs and Assigns, from time to time, by Means of the said Fence, or the Forces or others that may be in the said Barracks;----such Damage to be valued by two indifferent responsible Men, on their View of the same, the Costs of which to be paid by those who have Charge of said Barracks at that Time, as well as the Damages, out of such Money as may be in their Hands for the Use of the Barracks, or for Rent of the same; and if none such, then by the Treasurer on a Certificate from the Valuers, or in any other Manner as to the House shall seem most proper for the Relief of the Petitioners, and of those who may claim under them, in the most speedy and least expensive Method; and a Copy of the Deed from the Petitioners to the Trustees for the Barracks, was also presented; which Petition and Copy were read, and ordered to be read a second Time.

A Petition was presented to the House from *Leonard Gibbon, Constant Smith, Enoch Moore, John Smith and John Gibbon*, Owners and Possessors of a large Parcel of Tide Meadow and Swamp, situate on a small Creek called *Newport Creek*, between the Townships of *Greenwich and Stow Creek*, in the County of *Cumberland*, setting forth, that a Bank hath been made across the said Creek and Marsh or Meadow from the East Land of *Leonard Gibbon*, to the East Land of *John Walling*, and proper Sluices laid (upwards of Twenty Years since) in order to prevent the Tide from overflowing the same, and to drain off the Freshes; which has not been found prejudicial or injurious to any; but for Want of the same being kept up in an effectual Manner, is become almost useless; and praying such a Law to regulate the Premises as in the Wisdom of the House may be most likely to answer the End intended; which was read, and ordered a second Reading.

The House adjourn'd till Nine o'Clock To-Morrow Morning.

Thursday

Then the Gentlemen were desired to withdraw.

The House taking the same into Consideration, and finding notwithstanding the Proofs aforesaid, that the whole of the Woman's Character and Dependance may or may not rest upon it, according to such further Determinations as may now be gone into, a Consideration too important in itself (and abundantly more so in its Consequences if drawn into Precedent) to be proceeded on, without giving the Party the fullest Opportunity of being heard in her own Defence; it is therefore

A Message from his Excellency, by Mr. Secretary, in these Words, viz.

Gentlemen,

I Acquainted you some Time ago, that I had, with the unanimous Advice of the Council, appointed Mr. *Read* Chief Justice of this Province; and I have great Reason to think that he executed the Office to the entire Satisfaction of the People. His Majesty has been since pleased to appoint the Honourable *Frederick Smyth*, Esq; to that Office, who, as appears by the strong Recommendations he has brought with him from the King's Ministers, is every way qualified for the Station. Their Letters to me on the Occasion I herewith communicate, together with a Memorial from five of the principal Lawyers of the Province. The latter, who it must be allowed are some of the most competent Judges here of Mr. *Smyth's* Qualifications for his Post, are of Opinion, that the Salary of Chief Justice is inadequate to his Merit, and to an Office of so great Consequence. I have been long of the same Sentiments, both with Respect to the Salary of Chief Justice; and of the other Justices of the Supreme Court; and therefore think it my Duty to recommend to you, to make such further Provision for their Support as is equal to the Dignity and Importance of their respective Offices. I cannot but hope, that when you consider how much the Lives and Estates of every Man in the Province depend on the having proper Persons to execute those Offices; you will not hesitate to make it worth the while of Gentlemen of such Integrity and Abilities, as are the present Justices of that Court, to continue in their Employments.

May 30, 1765.

W. FRANKLIN.

Mr. *Skinner*, from the Committee appointed last Session to consider where the Post Roads of this Province may be shortened, made the following Report, viz.

' The Committee appointed by the Order of this House on the 24th Day of February, 1764, do report,

' THAT in Pursuance of said Order, they have procured all the Information in their Power, relative to the great Roads leading through this Province, between *Philadelphia* and *New-York*, and have procured actual Surveys of the greatest Part thereof; which they have got reduced to a Map, and now lay before the House for their better Information; in which the pricked Lines represent the Roads as they now run, and the black Lines represent the strait Roads, which this Committee think practicable and commodious, as well to the People of this Province, as to those of the neighbouring Governments passing through it.----The Committee beg Leave to observe, that by the proposed Method of laying out the Roads, the Distance from *Burlington* to *Perth-Amboy*, the two Capitals of this Province, will be reduced from 48 to about 40 Miles and a Half; the Distance from *Borden-Town* to *Perth-Amboy* from near 38 Miles to 32 Miles; and that the strait Road from *Burlington* to *Perth-Amboy* passes through *Borden-Town* and *Cranbury*, which are at convenient Distances and commodious Stages for Travellers.----That the proposed Road from *Burlington* to *Elizabeth-Town*, through *Borden-Town*, *Kingston* and *New-Brunswick*, will reduce the Distance from 66 Miles to 53 Miles; that the proposed Road from *Trenton* to *Elizabeth-Town*, through

through *Princetown, Kingston and New-Brunswick*, will reduce the Distance from 50 to 42 Miles; that they apprehend the Bridges necessary on the proposed Road will be few, and not attended with very great Expence.---That as to the Quality of the Soil through which the proposed Roads are to pass, your Committee on the Whole think it is at least as good for Roads, as the Soil through which they now pass.---That your Committee is of Opinion, that the establishing Turnpikes on the new Roads, with moderate Tolls on Horses, Carriages; &c. will be very advantageous to this Province; as by this Method, the publick Expence necessary for making them, will be repaid by those who have the Use of them, and who are chiefly resident out of this Province.

All which is humbly submitted by your Committee.

C. SKINNER, from the Committee.

Thursday, June 6, 1765.

The House met.

A Message from the Governor.

Gentlemen,

IN all of His Majesty's Governments in *America*, which have been settled for any Length of Time, a House is provided at the publick Expence for the Residence of the Governor, except in this Colony. And though no Building has been yet erected here for that Purpose, it seems plain by the Words of the annual Support Acts, that it was never the Intention of the Assembly of this Province to let the Governor be put to any Expence for the Want of such Building. The Words I allude to are these, *viz.* "And whereas it is necessary that the present Governor should be provided with a House to live in until one shall be provided for that Purpose, Be it enacted by the Authority aforesaid, That there shall be paid to His Excellency, &c. Sixty Pounds per Annum for House Rent, provided he makes *Amboy* or *Burlington* the Place of his Residence."

On my Arrival I was obliged to remain a considerable Time in very inconvenient Lodgings. There was no House any ways suitable to be hired at *Amboy*; and at *Burlington* there was none other than the one wherein I now reside; which I with Difficulty (as is well known to some of the Members of your House) obtain'd for the Rent allowed by the Province, and on Condition that I would moreover be at the Expence of all Repairs. It is true, I was offered, by private Persons, in case I would reside in another Place, to be furnished with a handsome House in compleat Order, with many other Necessaries, clear of all Expence; but as it appeared, by the Acts beforementioned, to be the Inclination of the Assembly, that the Governor should dwell in one or other of the Capitals, I would not consent to the Proposal, nor to several other of the like Kind which were made to me. I therefore agreed to pay the Rent demanded;

but

but before I could move into the House, and afterwards, I was under the Necessity of expending a considerable Sum in Repairs. I have not, however, made any that were unnecessary, nor indeed all that I should have thought requisite for the Accommodation of my Family, if the House had been my own, or if it had been let to me on a longer Lease.

Now, as I had not the usual Sum allowed to a Governor on his Arrival, which was generally sufficient to defray not only the Expence of his Voyage, but to repair a House for his Residence; and as no Governor in any of the King's Colonies where a House is provided by the Publick, is ever put to the Expence of keeping such House in Repair, I hope it will not be thought improper to lay before you an Account of the Money I have expended in repairing the House in which I now reside.

If it should be urged, that tho' I did not receive the usual Sum on my Arrival, yet an Addition was made to my Salary; I would just observe, that it will be upwards of Three Years from my first coming into the Province before that Addition will put me on an equal Footing with former Governors; and that it is likewise no Ways proportioned to the encreased Expence of Living as Governor in this Province, nor to the encreased Abilities of the People, since the original Salary was first established.

After all, *Gentlemen*, as it is my fix'd Intention never to ask any Thing of you but what, if I was myself one of the Representatives of the People, I should think it my Duty to grant; so if upon due Consideration of the Matter you should be of Opinion, that the Province can, consistent with Honour, refuse to pay the Account now exhibited, I am far from desiring it.

Burlington, June 3, 1765.

W. FRANKLIN.

And the said Message and Account therein mentioned, were read; and on the Question, whether the said Account or any Part thereof, be allowed or not? it passed in the Negative.

Ordered,

Mr. R. Lawrence, from the Committee to whom was committed the Bill, entitled, *An Act to explain and amend an Act, entitled, A Supplementary Act to the Act, entitled, An Act to regulate the Size of Traps, &c. and to prohibit the Watching with a Gun in the Night Time, and other Purposes therein mentioned*; reported the said Bill with several Amendments thereto; and the said Bill was read, and the Amendments in their Places, and the Bill further amended in the House; and on the Question, whether the said Bill as amended be engrossed or not? it passed in the Affirmative.

L

The

The several Petitions of *Thomas Powell*, and his Creditors, were read the second Time.

Ordered,

That the Petitioners have Leave to bring in a Bill at the next Session of General Assembly; provided Notice of their Application and this Order, be inserted in the *Pennsylvania Gazettee*, at least Six Weeks before the said Session, and no reasonable Objections shall then be made against the same.

Mr. *Skinner*, from the Committee appointed to confer with a Committee of the Council, on the Expediency and Means of shortning the Post Roads in this Province; reported, that the said joint Committees had met several Times in free Conference, and had mutually agreed to make the following Report, viz.

‘ The Committees appointed by both Houses, to confer on the Expediency and Means of shortning the Post Roads of this Province, after several Conferences, agreed to the following Report, viz.

‘ The joint Committees are unanimously of Opinion, that it will be highly beneficial to this Province, to straiten the Great Roads through it; and particular that there be a strait Road from *Burlington* to *Borden-Town*; from thence a strait Road to *Cranbury*; and from thence a strait Road to the Ferry-House opposite to *Perth-Amboy*; also that the Road be made strait from *Trenton* to *Prince-Town*; thence to *Kingston*; thence to *Brunswick*, and thence strait to *Elizabeth-Town*: Also that the Road be made strait from *Borden-Town* to *Trenton*, and from *Borden-Town* to *Kingston*, and from *Brunswick* to *Perth-Amboy*; and from *Perth-Amboy* to *Elizabeth-Town*, through *Woodbridge*; or at least so near strait Lines as the Nature of the Country, and of the Rivers and Streams, will admit of.

‘ And it is proposed to the House of Assembly, that Commissioners be appointed to survey and run out, the several Roads beforementioned; that they carefully view the Nature of the Country through which they pass, the Fitness of the Soil for Roads, and the Streams over which Bridges should be erected, to make the Roads commodious: And that the said Commissioners do report their Opinion thereon, to the House, at their next Session; with an Account of the Practicability of the Road, according to those strait Lines; or with such Alterations of the strait Lines, as they may think will make the Roads more practicable; with an Estimate of the Expence of the Whole, and of the several Parts thereof; and also of the Damage it may occasion to any Person, through whose Lands it may pass.

‘ It is also proposed to the House of Assembly, in order to establish a Fund for defraying the Expence of making these Roads, or such of them as shall hereafter be agreed to; that One, Two, or Three yearly Lotteries be erected, the Profits of which to be placed in the Treasury, or in the Hands of Commissioners; and also that these Commissioners be impowered to receive Donations; and all the Monies so raised or received, to be applied for those Purposes, and the Commissioners be made accountable for the same.’

June 5, 1765.

By Order of the Committees,

STIRLING, for the Council.

CORT. SKINNER, for the Committee of the Assembly.

And

And the said Report was read ; and on the Question, whether a Committee shall be appointed to bring in a Bill, appointing Commissioners to survey, run out, and report a State of the Roads above-mentioned ? it was carried in the Affirmative.

Mr. Speaker,

His Excellency is in the Council Chamber, ready to receive the Address of the House.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited upon his Excellency with their Address, in the Words following,

TO

TO His Excellency WILLIAM FRANKLIN, Esq; Captain General, Governor and Commander in Chief in and over his Majesty's Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the REPRESENTATIVES of said Province, in General Assembly convened:

May it please your Excellency,

WE, His Majesty's dutiful and loyal Subjects, the Representatives of New-Jersey, in General Assembly convened, thoroughly sensible of the numerous Advantages that formerly did, and hereafter must, attend an uninterrupted Peace with the Indians, are sincerely glad of the happy Prospect lately obtained, that this salutary Business is likely to be effectually secured, under Providence, through the Wisdom and Vigilance of those who have planned, and so far executed, the important Charge, and to whom Britain and her Colonies have Obligations, on that Account, that will not soon be forgotten.

Agreeable to your Excellency's Recommendation, we have adopted the Measure of giving Bounties on Hemp, Flax, and planting of Mulberry Trees, with a View of stimulating our Inhabitants to future Industry and Wealth, in a Way hitherto but little used in this Government, but which, notwithstanding, appears to us to carry a Probability of succeeding, and being in Time considerable in the Article of Remittances to the Mother Country. On this Occasion our Acknowledgments are justly due to the Society for Arts, Manufactures and Commerce, on Account of their disinterested and benevolent Care respecting Improvements in the Colonies.

We also thank your Excellency for the Consideration you have repeatedly shewn as to the real Prosperity and Welfare of this Province; and hope, through the Continuance of that Attention and Regard, it may rise to further Improvements, and not be hereafter thought unworthy the united Attention of the whole Legislature, to encourage such Branches of Commerce, as may promote Frugality, Industry, and a Spirit of Emulation on this Head, that the Purposes of paying our English Debts may be answered, without parting with the little Cash we have; for, under the present Discouragements, further Means of procuring it seems hard to devise.

Fully convinced, that shortening the Post Roads would be a Work of publick Advantage; if it can be effected without unreasonably prejudicing Individuals, we have this Session attempted it in Part, and, to be enabled to do it more effectually, have agreed with the Council, that Commissioners be appointed to survey other Parts, who are to report at next Session the most probable Method for benefiting the Public, with the Injury to which Particulars may be exposed, if any should appear, in order that such further Measures may be then taken as shall be thought best for the whole.

By Order of the House,

June 15, 1765.

ROBERT OGDEN, Speaker.

A Message from his Excellency, by Mr. Secretary *Read*.

Gentlemen,

THE Chief Justice, and the Second Justice of the Supream Court, have informed me, that tho' the Court-House at *Amboy*, has been burnt down ever since *October* last, there is yet no Building provided for the holding of the Supream Courts in that City, nor any Preparations making for that Purpose; that for Want of a convenient Place for holding the said Court at *Amboy*, several Causes of Importance, which should have been tried last *April*, were obliged to be postponed; and that the said Justices will not have it in their Power to try any more Causes there till a suitable Building is provided. Now, as those Courts have been held at *Amboy* almost ever since the first Establishment of the Colony, and the continuing them there was made a Part of the Fundamental Constitutions, at the Time of the Surrender, and is established by Ordinance of the Crown; and as it likewise appears by the Bill you have passed this Session for the Support of Government, that you expect they are still to be held there; I must request that you will take this Matter, which is of so great Consequence to the Publick, into your immediate Consideration (if you have not already done it) and make such Provision as the Necessity of the Case requires.

That Mr. *Van Gieson* and Mr. *R. That the House having gone through the general Business before them, and been long absent from their domestick Affairs, are not only inclinable to return to the respective Places of their Abode; but do also esteem it inexpedient to prefer any new Bill for the Purpose aforesaid, unless they were to recede from the Principles of the Bill already preferred; which they are not inclinable to do. That as the next Session of General Assembly will be held at *Perth-Amboy*, every Person residing there, and being disposed to controvert the Constitutional Right of a new Court-House being erected among them, may be heard on the subject; and in the Interim it's conceived, some House may be had for holding the Supreme Court, until the County of *Middlesex* can be enabled to build a new Court-House; and as to the present Gaol at *Amboy*, it's said to have been so far repaired at the late Expence of said County, as to answer the Purpose of a Gaol, until another can with Convenience be built.

Votes of the General Assembly.

BURLINGTON, TUESDAY, November 26, 1765.

PURSUANT to His Excellency's several Prorogations of the General Assembly, from Time to Time, to this Day, the House met, and adjourn'd till To-morrow Morning.

Thursday, November 28, 1765.

The House met.

The Speaker having offered to resign his Seat, with the Leave of the House, presented a Paper, containing the Reasons for the House being called, and his Request to resign his Seat; which being read, the House adjourn'd for an Hour, that the Members might consider of the Speaker's Proposal.

The House met.

And the Paper offered by Mr. Speaker, being again read and considered,

Resolved, Nemine Contradicente,

That the said Resignation be accepted; and that said Paper be entered upon the Journals of this House; and the same is as follows:

Gentlemen,

THE present Meeting is in Consequence of the Application of myself and several Members of this House, to his Excellency; who was pleased at our Desire to appoint it. The House have now an Opportunity to consider deliberately on the best Methods to procure Relief from the late Acts of Parliament; an Affair of as delicate a Nature, and of as much Importance, as ever came before the Representatives of this, or any other Colony.

The Gentlemen appointed to attend at the Congress at *New-York*, will lay before you, the several Addresses agreed to there; whereby you may judge, whether our joining in the general Addresses is so likely to produce an Alleviation of the Burthens we so justly complain of.

I was clearly of Opinion, that separate Addresses from each Colony, would have a greater Probability of succeeding; and therefore I declined signing them; considering that as a Majority of your Commissioners had joined therein, the Province would partake of all the Benefits resulting from the general Addresses; and if this House should not adopt the Sentiments of the Congress, they might be at Liberty to make a separate Application to the Crown.

I am so unhappy as to find, that my Conduct, which was the Consequence of this Opinion, formed on the most deliberate, impartial, and disinterested Reasoning on the Subject, has been put in an unfavourable Light, and has made me the Object of too general a Resentment: I trust, that Providence will in due Time make the Rectitude of my Heart, and my inviolable Affection to my Country, appear in a fair Light to the World; and that my sole Aim was the Happiness of *New-Jersey*. But as at present there appears a great Dissatisfaction at my Conduct, that has spread even among some of my Constituents, whom I have served many Years in General Assembly, to the Utmost of my Abilities; I beg Leave of the House, to resign my Seat in it; whereby my Constituents may have an Opportunity of sending another Person in my Room, who may act more agreeable to their present Sentiments; tho' I am well assured, that no Person can be found, who will study their Welfare more sincerely, nor pursue it with more Steadiness or Integrity than I have done: I thank them for the Confidence their frequent Elections has shewn they placed in me, and which I never abused; and hope, that those with whom I have differed in Opinion, will have Charity enough to impute it to Error in Judgment only, to which all Men are liable. As I have frequently experienced the good Disposition of this House towards me, I hope they will indulge me, by accepting the Resignation of my Seat in the House; and with ordering this short and true Account of my Conduct, to be entered on their Journals.

Whereupon Mr. *John Lawrence* and Mr. *Johnston* were desired by the Members, to wait on his Excellency, and acquaint him with the Resignation of the Speaker, and desire Leave to choose another.

Mr.

Mr. *Lawrence* reported, that Mr. *Johnston* and himself delivered the above Message to his Excellency, who was pleased to say, the House might proceed to the Choice of a Speaker.

Whereupon the Members proceeded to the Choice of a Speaker, and unanimously chose *Cortland Skinner*, Esq; who was conducted to, and placed in the Chair accordingly.

Ordered,

That Mr. *Miller* and Mr. *R. Lawrence*, do wait on his Excellency, and desire to know, when he will be waited on by the House, to present their Speaker for his Approbation.

The House adjourn'd till Two, P. M.

The House met.

Mr. *Miller* reported, that Mr. *Lawrence* and himself waited on his Excellency, according to Order, who was pleased to say, the House should hear from him this Afternoon.

A Message from his Excellency, by Mr. Secretary *Read*.

Gentlemen, His Excellency is in the Council Chamber, ready to receive the Presentation of your Speaker.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency: And being returned, Mr. Speaker resumed the Chair, and reported, that the House had presented him to his Excellency, who was pleased to approve of their Choice.

A Message from his Excellency, by Mr. Secretary *Read*.

Gentlemen,

THE Secretary will lay before you a Letter I have received from the Governor of *Quebec*, with an Account of the Loss sustained in the City of *Montreal* by the late dreadful Fire. The Case of the unhappy Sufferers is truly deplorable, and cannot fail exciting in every humane Breast the utmost Compassion. Private Contributions can avail but little where the Loss is so very considerable. Applications are therefore made to the Legislatures of the several Colonies; and it is not to be doubted; but that from Motives of good Policy, as well as of Religion and Humanity, they will think it highly expedient to grant some Relief to our new Fellow-Subjects in that Province.

Burlington, Nov. 28, 1765.

W. FRANKLIN.

Which, with the Papers relating thereto, were read, and ordered a second Reading.

Ordered,

That Mr. Speaker do issue his Warrant to the Clerk of the Crown, to make out a Writ, for the Election of a Member for *Essex*, in the Room of *Robert Ogden*, Esq; who has resigned.

A Petition was presented to the House, from *Joseph Burr*, *Christopher Wetherill*, and *Edward Brooks*, of *Burlington*, setting forth, that in the Month of *July* last, the Petitioners, among others, were robbed of sundry valuable Goods, by three armed Men, who went by the Names of *John Johnston*, *John Feagan*, and *John Grimes*; and that for the Seizure of the Robbers, the Petitioners offered considerable Rewards; whereupon *Benjamin Davis*, *John Robins*, and sundry other Persons, did go in Quest of, and at the Peril of their Lives, did seize and convey to Goal the said Robbers; who were soon after convicted and executed: That the said *Davis*, *Robins*, and others,

B

knowing

knowing that the Petitioners have already been great Sufferers, have shewn an Unwillingness to receive the Rewards offered; and as the Petitioners and many others conceive, that they ought to be publickly rewarded for their publick Spirit and Courage, they submit the Premises to the Wisdom of the House; which was read, and ordered a second Reading.

A Petition was presented to the House, from sundry Freeholders, Inhabitants of *Piscataway*, in the County of *Middlesex*, whose Names are thereunto subscribed, setting forth, divers Hardships and Inconveniencies the Petitioners will suffer if the Roads shall be laid out, as proposed by the Act passed last Session, for appointing Commissioners to view the Ground, and report the Practicability of running certain strait Roads through this Province; and praying Relief in the Premises.

And another Petition from *Woodbridge*, in the same County, to the like Purpose, was presented; both which were read, and ordered second Readings.

The House adjourn'd till Nine o'Clock To-morrow Morning.

Friday, November 29, 1765.

The House met.

Mr. *Fisher*, one of the Committee appointed to attend the late Congress, at *New-York*, made the following Report, viz:

'Mr. *Ogden*, Mr. *Borden* and myself, being requested by a Number of the Members of this House, convened at the House of Mr. *Sprout*, in the County of *Middlesex*, to meet the Congress then sitting at *New-York*; and to join in such Measures as might be likely to obtain a Repeal of the late alarming Acts of Parliament, particularly that called the Stamp-Act; did accordingly repair to *New-York*, and joined said Congress, and came to the following Conclusions.

'And, first, agreed upon a Set of Resolves, or rather Declarations, of the most essential Rights of the Colonies.

'Secondly, On an humble and dutiful Address to his Majesty, and both Houses of Parliament; which Mr. *Borden* and myself, joined in signing, in Behalf of this Colony; and one Copy was transmitted before the Congress broke up, and the other Gentlemen undertook to send the others; which we expect they have done accordingly; and we are now ready to report the Proceedings, when the House will be pleased to receive them.'

Ordered,

That the said Report be made immediately.

Mr. *Fisher* then reported the Proceedings of the Congress; which were read, and the further Consideration thereof, is referred till the Afternoon.

The House adjourned till Two P. M.

The House met.

The House, according to Order, resuming the Consideration of the Proceedings at the late Congress at *New-York*;

Resolved, Nemine Contradicente,

That this House do approve of the Proceedings of the Congress at *New-York*; and that the Thanks of this House be given to *Hendrick Fisher* and *Joseph Borden*, Esquires, for their faithful and judicious Discharge of the Trust reposed in them.

Whereupon Mr. Speaker gave the Thanks of the House to those Gentlemen accordingly, being in their Places.

To which the Gentlemen made the following Reply, delivered by Mr. *Fisher*,

Mr.

‘ Mr. Speaker,
 ‘ Mr. *Borden* and myself beg Leave to assure this House, that in the Trust reposed
 ‘ in us, we have done no more than what was our indispensable Duty; and that we feel
 ‘ ourselves exceedingly happy, that what we have done, is so unanimously approved of
 ‘ by this honourable House.

On a Motion made,

Resolved,

That Mr. Speaker, Mr. *Johnston*, Mr. *J. Lawrence*, and Mr. *Cooper*, be added to
 the Committee appointed to correspond with the Agent of this Colony, in *Great-Britain*.

Resolved,

That the Committee of Correspondence, impowered by Law to draw upon the Treas-
 ury for Provincial Services, be desired to make a Draught for *One Hundred Pounds*
 Sterling, and put it into the Hands of Mr. Speaker, Mr. *Wetherill*, and Mr. *Johnston*,
 to be by them transmitted to the Agent of this Colony; to be applied in soliciting the
 Repeal of the Stamp-Act, and such other late Acts of Parliament as particularly affect
 the Trade of the Northern Colonies; and direct the Agent to consult with the Agents of
 the other Colonies, in particular with *Dennis De Bert*, Esq; special Agent for the *Massa-*
chusetts-Bay.

Mr. *Smith*, one of the Commissioners of Correspondence, laid before the House,
 Copies of sundry Letters he had lately sent to the Agent, in order to promote the Repeal
 of the Act commonly called the Stamp-Act, and other Acts affecting the Trade of the
 Colonies; which were read, and approved of.

The House adjourn'd till Nine o'Clock To-morrow Morning.

Saturday, November 30, 1765.

The House met.

The Petition of *Joseph Burr*, *Christopher Wetherill*, and *Edward Brooks*, was read
 the second Time.

Resolved,

That this House, will at the next Sessions, make proper Compensation to *John*
Robins, *Benjamin Davis*, and the other Persons concerned with them, for their extra-
 ordinary Activity and Resolution, in pursuing and apprehending *John Johnston*, *John*
Feagan, and *John Grimes*, three notorious Felons; and delivering them up to Justice.

Whereas the late Act of Parliament, called the Stamp-Act, is found to be utterly
 subversive of Privileges inherent in, and originally secured by Grants and Confirmations
 from the Crown of *Great-Britain*, to the Settlers of this Colony: In Duty therefore to
 ourselves, our Constituents and Posterity, this House thinks it absolutely necessary to
 leave the following Resolves on our Minutes.

1. *Resolved, Nemine Contradicente,*

That his Majesty's Subjects inhabiting this Province, are, from the strongest Motives
 of Duty, Fidelity, and Gratitude, inviolably attached to his Royal Person and Govern-
 ment; and have ever shewn, and we doubt not ever will, their utmost Readiness and
 Alacrity for acceding to the constitutional Requisitions of the Crown, as they have been
 from Time to Time made to this Colony.

2. *Resolved, Nem. Con.*

That his Majesty's liege Subjects in this Colony, are entitled to all the inherent
 Rights and Liberties of his natural born Subjects, within the Kingdom of *Great-*
Britain.

3. *Resolved*

3. *Resolved, Nem. Con.*

That it is inseparably essential to the Freedom of a People, and the undoubted Right of Englishmen, that no Taxes be imposed on them, but with their own Consent, given personally or by their Representatives.

4. *Resolved, Nem. Con.*

That the People of this Colony are not, and from their remote Situation cannot be represented in the Parliament of *Great-Britain*; and if the Principle of taxing the Colonies without their Consent, should be adopted, the People here would be subjected to the Taxation of two Legislatures; a Grievance unprecedented, and not to be thought of without the greatest Anxiety.

5. *Resolved, Nem. Con.*

That the only Representatives of the People of this Colony, are Persons chosen by themselves; and that no Taxes ever have been, or can be imposed on them, agreeable to the Constitution of this Province, granted and confirmed by his Majesty's most gracious Predecessors, but by their own Legislature.

6. *Resolved, Nem. Con.*

That all Supplies being free Gifts; for the People of *Great-Britain* to grant to his Majesty the Property of the People of this Colony, without their Consent, and being represented; would be unreasonable, and render useless Legislation in this Colony in the most essential Point.

7. *Resolved, Nem. Con.*

That the Profits of Trade arising from this Colony, centering in *Great-Britain*, eventually contributes to the Supplies granted there to the Crown.

8. *Resolved, Nem. Con.*

That the giving unlimited Power to any Subject or Subjects, to impose what Taxes they please in the Colonies, under the Mode of Regulating the Prices of Stamp Vellum, Parchment and Paper, appears to us unconstitutional, contrary to the Rights of the Subject, and apparently dangerous in its Consequences.

9. *Resolved, Nem. Con.*

That any Incumbrance, which in Effect restrains the Liberty of the Press in *America*, is an Infringement upon the Subjects Liberty.

10. *Resolved, Nem. Con.*

That the Extension of the Powers of the Court of Admiralty within this Province, beyond its antient Limits, is a violent Innovation of the Right of Trials by Jury,---a Right which this House, upon the Principles of their *British* Ancestors, hold most dear and invaluable.

11. *Resolved, Nem. Con.*

That as the Tranquility of this Colony hath been interrupted through Fear of the dreadful Consequences of the Stamp-Act, that therefore the Officers of the Government, who go on in their Offices for the Good and Peace of the Province in the accustomed Manner, while Things are in their present unsettled Situation, will, in the Opinion of this House, be entitled to the Countenance of the Legislature; and it is recommended to our Constituents, to use what Endeavours lie in their Power, to preserve the Peace, Quiet, Harmony, and Good-Order of the Government, that no Heats, Disorders or Animosities, may in the least obstruct the united Endeavours that are now strongly engaged for the Repealing the Act abovementioned, and other Acts affecting the Trade of the Colonies.

His Excellency's Message of Thursday last, relating to the Fire at *Montreal*, was read the second Time.

Ordered,

That the Consideration thereof be deferred till next Session.

The several Petitions from *Piscataway* and *Woodbridge*, relating to the new proposed Roads, were read the second Time; and the Consideration thereof is referred till next Session.

Mr. *John Allen*, late one of the Barrack Masters at *Trenton*, laid his Accounts before the House.

Ordered,

That the said Accounts be referred to Mr. *J. Lawrence* and Mr. *Borden*, to settle in the Vacation, and make Report to the next Session.

Ordered,

That Mr. Speaker, Mr. *Johnston*, Mr. *Cooper* and Mr. *Hart*, do enquire and report to the next Session, what Wages are allowed by the several Colonies, to their Deputies, at the late Congress at *New-York*, that the House may be enabled the better to judge of the proper Compensation to be made to the Deputies from this Colony.

A Petition was presented to the House, from *Isaac Bunting*, and others, praying, for the Reasons therein contained, Relief from Part of the Law passed last Session, for clearing out *Affisconk* Creek; which was read, and referred for Consideration at the next Session.

Ordered,

That the several Members do inquire into the Inconveniencies of the Insolvent Act, and report the same to the next Session.

Ordered,

That Mr. *Borden* and Mr. *Johnston*, do wait on the Council, and desire to know, whether they have any Business before them; if not, that this House proposes to apply to his Excellency for a Dismissal.

Mr. *Borden* reported, that Mr. *Johnston* and himself had performed the above Order, and the Council say, they have Nothing before them.

Ordered,

That Mr. *Fisher* and Mr. *J. Lawrence*, do wait upon his Excellency, and in Answer to his Message relating to the Fire at *Montreal*, acquaint him, that the House having met at this Time upon particular and very important Business, think it necessary to defer the Consideration of that Matter, till the usual Time of doing Business: That the House thank his Excellency for giving them this Opportunity, and having gone through what was immediately necessary, desire he will be pleased to dismiss them.

Mr. *Lawrence* reported, that Mr. *Fisher* and himself had waited upon his Excellency with the Message of the House, who was pleased to say, the House should hear from him in about an Hour.

The House adjourn'd till Two, P. M.

The House met.

A Message from his Excellency, by Mr. Secretary *Read*,

Mr. Speaker, His Excellency is in the Council Chamber, and requires the immediate Attendance of the House.

C

Whereupon

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency, who was pleased to make the following Speech: And then prorogued the House, to the 31st of *December* next, then to meet at *Pertb-Amboy*.

‘ *Gentlemen of the Assembly,*

‘ **T**HE Concern I have for the Welfare of this Province, as well as a Sense of
 ‘ my Duty to the Crown, will not permit me to pass over in Silence the late
 ‘ unprecedented, irregular, and unconstitutional Meeting of a Number of
 ‘ your Members, at *Amboy*. No Part of my Conduct, since my Residence
 ‘ among you, could, I am sure, have given you the least Reason to imagine that I would
 ‘ any Ways obstruct the Channel of Communication between the good People of this
 ‘ Province and their Sovereign. The having Recourse, therefore, to such an Expedi-
 ‘ ent was the more inexcusable as it was entirely unnecessary. It besides gave a
 ‘ Sanction to the villainous Reports which some of the principal Officers of a neighbour-
 ‘ ing Proprietary Government had industriously propagated with Regard to me; and
 ‘ might, at such a Juncture, have been productive of the most fatal Consequences to
 ‘ myself and Family. I am far, however, from thinking that any of the Gentlemen,
 ‘ who were concerned in promoting the late Convention, intended me any Prejudice by
 ‘ that Meeting: But a Moment’s Reflection must have convinced them that there was
 ‘ a Danger of its having that Tendency.

‘ It is probable that the Temper of the People, at the Time, might have made a
 ‘ Meeting of their Representatives necessary. But I believe there is not a Man among
 ‘ them, the least acquainted with the Nature of Government, who can think it was
 ‘ proper to violate the Principles of the Constitution on the Occasion. Nothing but
 ‘ extreme Necessity can ever justify such a Measure. Every Breach of the Constitution,
 ‘ whether it proceeds from the Crown or the People, is, in its Effects, equally de-
 ‘ structive to the Rights of both. It is the Duty, therefore, of those who are entrusted
 ‘ with Government, to be equally careful in guarding against Encroachments from the
 ‘ one as the other. You must be sensible, that you have now the Happiness of having a
 ‘ Prince on the Throne, who would not himself infringe any of the just Privileges of
 ‘ his People, nor suffer it knowingly to be done by any of his Servants. The Ties of
 ‘ Gratitude and Justice, if there was no other Consideration, should then have induced
 ‘ you to have avoided every Invasion of his just Prerogatives.

‘ I was in Hopes that at your present Meeting, you would have thought it your
 ‘ Duty, and indeed for your Credit, as a House of Representatives, either to have
 ‘ disapproved the Conduct of your Members who attended the Convention at *Amboy*,
 ‘ or to have made some Apology for so illegal a Proceedure. This Expectation prevented
 ‘ my saying any Thing to you, on the Subject, at the Opening of the Sessions. But, to
 ‘ my great Surprise, I now find that you have not thought proper to do either the
 ‘ one or the other.

‘ However popular, *Gentlemen*, you may think this extraordinary Behaviour may
 ‘ prove with your Constituents, it is my Opinion that the sober discreet Part of them
 ‘ will very soon condemn it; and that the more inconsiderate among the People will do
 ‘ the same when they have Time to reflect, and to consider coolly their own Interest.
 ‘ It is the Remark of a very great Man, that “ *It is a most infallible Symptom of the*
 ‘ “ *dangerous State of Liberty, when the chief Men of a free Country shew a greater Regard*
 ‘ “ *to Popularity than to their own Judgment.*” And numerous are the Instances in
 ‘ History which evince the Justness of this Observation.

‘ I can with Truth, *Gentlemen*, declare, that it gives me great Pain to be under a
 ‘ Necessity of finding Fault with any Part of your Conduct: It has, however, in this
 ‘ Instance, been so very particular, that I should think myself unjustifiable both to his
 ‘ Majesty and the People, were I not to signify my Disapprobation of it. And this
 ‘ you may be assured I should have done by an immediate Dissolution of your House,
 ‘ but that such is the critical Situation of Affairs, at this Time, as to render it highly
 ‘ improper for the Province to be without the full Powers of Legislature. ‘ Thus

' Thus have I, *Gentlemen*, spoken my Mind freely to you, as I would wish you to
 ' do to me if I should, by any unconstitutional Act of mine, give you the like Occasion.
 ' I have only to add, that I have the fullest Confidence in the Affections of the People
 ' of this Province, which I shall not fail to cultivate, by a faithful Discharge of my
 ' Duty to the Crown, and a constant Care of their Rights and Liberties. I trust you
 ' will do me the Justice, in your respective Counties, to make these my good Intentions
 ' rightly understood; and that you will use your utmost Endeavours to calm and heal all
 ' Animosities and Divisions, to support the Authority of Government, and to preserve
 ' the Peace and good Order of the Province.

PERTH-AMBOY, WEDNESDAY, *June 11, 1766.*

PURSUANT to His Excellency's several Prorogations of the General Assembly, from Time to Time, to this Day, the House met, and adjourned till Tomorrow Morning Nine o'Clock.

Thursday, June 12, 1766.

The House met.

Ordered,

That Mr. *J. Lawrence* and Mr. *Johnston*, do wait upon his Excellency, and acquaint him, that a sufficient Number of Members to proceed upon Business are met, and ready to receive any Thing he shall please to lay before them.

Mr. *J. Lawrence* reported, that Mr. *Johnston* and himself delivered the above Message to his Excellency, who was pleased to say, the House should hear from him at Eleven o'Clock.

Mr. Speaker laid before the House, a Letter from Mr. *Abraham Clark*, one of the Clerks of the General Assembly, informing him, That the Circumstances of his Affairs were such, that he could not longer attend the Service of the House, as their Clerk, and returning the House his Thanks for the favourable Acceptance his past Endeavours have met with from them.

Whereupon it is ordered, that Mr. *Borden* and Mr. *Keasbey*, do wait on his Excellency, and acquaint him, that the House do recommend Mr. *Jonathan Deare*, as one of the Clerks of this House, and request his Excellency to grant him a Commission for the same.

Stephen Cranc, Esq; being returned a Representative, to serve in the General Assembly for the County of *Effex*, in the Stead of *Robert Ogden*, Esq; who lately resigned his Seat in this House. *Nicholas Stilwell*, Esq; being returned a Representative, to serve in the General Assembly for the County of *Cape May*, in the Stead of *Jacob Spicer*, Esq; deceased: And *Samuel Clement*, Esq; being returned a Representative, to serve in the General Assembly for the County of *Gloucester*, in the Stead of *Samuel Clement*, Esq; deceased; and all of them now attending, were admitted into the House, and being duly qualified before *Cortland Skinner*, Esq; thereto authorised by *Dedimus Potestatem*.

Ordered,

That they take their Seats accordingly.

Mr. *Borden* reported, that in Obedience to the Order of this Morning, Mr. *Keasbey*, and himself had waited on his Excellency, and acquainted him, that this House recommended Mr. *Jonathan Deare*, to be one of the Clerks of this House, and his Excellency was pleased to say, he approved of the Recommendation of the House, and would order a Commission accordingly.

Resolved,

That *Henry Richards* be Door-Keeper to this House.

A Message

A Message from his Excellency by the Deputy Secretary, informing the House, That his Excellency is in the Council Chamber, and requires the Attendance of the House immediately.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency: And being returned, Mr. Speaker resumed the Chair, and reported, That the House had waited upon his Excellency, who was pleased to make a Speech to the Council and House of Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which by Order of the House was read, and is as follows:

“ *Gentlemen of the Council, and Gentlemen of the General Assembly.*

“ **A**LTHOUGH I was desirous to have met you sooner, yet I postponed calling you together, till I was enabled to acquaint you of the Determinations of His Majesty and the British Parliament, on the Act for granting certain Stamp Duties in *America*. This Delay, I imagined, though it made the Session somewhat later in the Season than usual, would be more agreeable to you, than to be put to the Inconvenience of another Meeting on that particular Account.

“ IT gives me great Satisfaction that I have it now in my Power to communicate to you an Act for the repeal of that Statute, and to present you with my sincere Congratulations on the happy Termination of this most important Affair.

“ You will see, by the Right Honourable Mr. Secretary *Conway's* Letter, that such is the kind and indulgent Disposition prevailing both in his Majesty and his Parliament, that they are inclined not only to indemnify those Persons who have incurred the Penalties of the Stamp-Act, but to give the Trade and Interest of *America*, every Relief which the true State of our Circumstances may demand or admit.

“ I HAVE likewise received a Copy of an Act for the better securing the Dependency of the Colonies on the Mother-Country. This I shall order to be laid before you, together with sundry Resolutions of the Honourable House of Commons, expressing their Sentiments of those late unwarrantable Transactions, which, unhappily, were too prevalent throughout the Colonies of *America*.

“ IT must, however, be mentioned to the Credit of *New-Jersey*, that no Act of Outrage or Violence, no Hurt to Person or Property, has been committed by the Inhabitants of this Province. The good Effects which have resulted from such Conduct, will, no Doubt, afford them great Pleasure in the Reflection. And they may be assured, that I have, from Time to Time, done them the Justice to make their prudent Behaviour, in this Respect, known to his Majesty's Ministers.

“ BUT I should think myself greatly wanting, was I not to take this Opportunity of acknowledging the Services rendered the Crown and this Province by Captain *Hawker*, Commander of His Majesty's Ship *Sardoine*, who, upon my Request, with great Politeness and Readiness, undertook the Care and Protection of the Stamp'd Papers destined for *New-Jersey*. Nor should I pass over without Commendation, the good
“ Conduct

“ Conduct of you Gentlemen of the Council and General Assembly, who,
 “ together with the Chief Justice, and other Justices of the Supreme Court,
 “ many of the Justices of the Inferior Courts, and the most eminent of
 “ the Gentlemen of the Law, have likewise, in your and their respective
 “ Stations, been greatly instrumental in promoting and preserving the
 “ Peace and Order of the Province.

“ HAPPILY, the Storm which for some Time past raged so violently
 “ as to threaten the future Welfare of *Great-Britain* and her Colonies,
 “ is at length subsided. The Tenderness, Lenity, and Condescension---
 “ the Wisdom, Justice and Equity, which His Majesty and the Parlia-
 “ ment have manifested on this signal Occasion, cannot but make deep
 “ Impressions upon the Mind of every loyal *American* Subject, and excite
 “ the most lively Returns of Duty and Gratitude.

“ It is needless, Gentlemen, I am convinced, for me to urge any
 “ Arguments to give you a just Sense of your particular Duty at this great
 “ Crisis; more especially as you will find it so fully and ably pointed out,
 “ in the very excellent Letter from His Majesty’s Secretary of State.

“ ALL I shall add therefore, is my hearty Wishes, that there may be,
 “ henceforth, an indissoluble Union of the Hearts of all the King’s Sub-
 “ jects in the Bonds of mutual Affection, so that there may remain no
 “ other Contention among them, but who shall exceed the other in con-
 “ tributing to advance the general Interest, Happiness, and Glory of the
 “ *British* Empire.”

The engrossed Message to his Excellency, in Answer to his Speech at the last Sitting of Assembly, being read and compared, was agreed to by the House, *Nemine Contradicente*, and is as follows:

AS Your Excellency was pleased, at the Close of the last Meeting of the Assembly at Burlington, to speak your Mind freely to the House, and wished they would do the same to you; they therefore assure your Excellency, that the Concern they have for the Credit of this House, as well as a due Sense of the Honour of the Province they represent, will not permit them to pass over in Silence, your Excellency's warm and unmerited Censure of their Conduct at that Time, tho' your immediate Prorogation of the House prevented their then doing it, which they would willingly hope was not your Excellency's View, and beg Leave to request your Excellency, that if hereafter you shall think fit, thus publickly to arraign their Conduct, you will give them an Opportunity at the Time of answering for themselves.

A Moments serious Reflection would have shewn your Excellency, that this House did not merit your Censure, nor the Meeting you complain of, such Epithets; but it is not the Meeting alone, but the Consequences you complain of, and that not in this Province, but in the neighbouring Government; whatever Liberty the Officers of that Government may have taken with your Excellency's Character, and whatever Sanction your Excellency may think the Conduct of this House, may have given to their Reports, this House is at a Loss to conceive how, or why they are accountable for them; they meddle with no Affairs but their own, these they find sufficient to employ them; indifferent therefore, to the Politicks of that Government, they regard them no farther than they affect this Province, and having no Interest in the present Controversy there, they thought nothing of them, nor did they then see, nor yet can understand, how that Meeting could do you any Prejudice, or that any Danger could attend your Person or Family; sufficient it is for this House, that they

take such Measures, as conduce to the Tranquility of the Province they represent, and in this Point, your Excellency must acknowledge you have no Cause to complain.

The Temper of the People, at the Time your Excellency seems to admit, might have made a Meeting of their Representatives necessary; the Members thought so then, they think so yet, and had the Legislature been called, this Meeting had not happened; a Meeting at that Time, rendered absolutely necessary, to preserve the Peace, Quiet, and good Order of the Government, and which, they believe, few will think with your Excellency, was a Violation of the Principles of the Constitution, as Necessity urged the Members to it; So your Excellency might have spared so heavy a Censure upon an Assembly, whom your Excellency cannot charge with Want of Regard to you, since your Residence among them, nor of the least Disposition at any Time, to infringe upon the Prerogatives of the Crown; being conscious of this, they could not expect at so critical a Period, your Excellency would with so little Cause, have represented their Conduct, in a Manner that might have had the most fatal Effect, by drawing down his Majesty's Displeasure upon them.

Had your Excellency calmly considered this Meeting, divested of Appendages that no Ways belonged to it, you would have shewn no Surprise at their not disapproving of the Conduct of their Members, in meeting to confer upon Measures proper to be taken at that alarming Period; the Result whereof, was, the requesting some of their Number to join the General Congress, in petitioning the King, to relieve the Colonies from impending Ruin, with which they were then threatened, but would rather have been surprized, had this House made an Apology for it.

This House, acknowledges the Justness of the Remark quoted by your Excellency, and are sensible of the Observation, but as they had no Views to Popularity in Meeting, so no such Motives actuated them in their Resolutions, when met in General Assembly; they then thought, and have the Happiness to find, that their Conduct has had the Approbation of the Sober and Discreet; they cannot therefore but think this Observation might have been better spared.

This House, can with Truth declare, that it gives them Pain to be under a Necessity of defending their Conduct, but it has, in this Instance your Excellency complains of, been so little exceptionable, that they should think themselves unjustifiable to the People they represent, were they to take no Notice of your Excellency's Speech. Your Excellency has an undoubted Right to dissolve the House, and should exercise that Power, whenever an Assembly forgetting their Duty, are unprecedented, irregular, or unconstitutional; such Conduct, will be so far from prejudicing his Majesty's Service, that it will be of the greatest Benefit to his Government.

Ordered,

A Message from the Governor, by the Deputy Secretary, in the following Words.

‘ *Gentlemen,*

‘ **A** Few Weeks ago, I received an Account from Col. *Van Campen*,
‘ of a Murder and Robbery committed in *Sussex*, on the Body
‘ and Effects of an *Oneida* Indian. The Murderer, it seems, was taken
‘ up, and committed to the County Gaol, but was rescued the same
‘ Evening by a Number of Persons in Disguise. I immediately issued a
‘ Proclamation, offering a Reward for the Perpetrator of the horrid Act,
‘ and his Abettors, and directed the Magistrates and Officers of Govern-
‘ ment to exert themselves on the Occasion. I also wrote to Sir *William*
‘ *Johnston*, His Majesty’s Superintendant for Indian Affairs, to desire he
‘ would use his good Offices, in accomodating this Matter with the
‘ Indians, and prevent their shewing any Resentment to the Frontier
‘ Inhabitants. He acquaints me in his Answer, that “the Indians had
“ sent him some Belts on that Head some Days before, and are *very uneasy*
“ the rather as they have Reason to apprehend, from the Conduct of
“ several of the Frontier Inhabitants of the neighbouring Colonies, that
“ many more will share the same Fate; for the ill-timed Resentment of
“ these People, seems so prevalent, that it will be extremely difficult for
“ Government to prevent them from insulting the Indians, and more so to
“ curb the Resentment of the latter, who will *certainly* go about to *redress*
“ *themselves*, unless something *effectual* be done, at least to prevent the
“ like for the future; for this is only one amongst several Instances of the
“ like Nature, lately committed on the neighbouring Frontiers, and the
“ Indians make little or no Distinction of Persons or Provinces, when full
“ of Resentment.”

‘ HAVING lately heard that the Murderer still continued in the County,
‘ and that no effectual Means had been taken by the Officers there to
‘ apprehend and bring him to Justice, I acquainted the Council therewith;
‘ who have, as you will see by the Papers now laid before you, advised
‘ the employing some active Persons of *Morris* County, in that necessary
‘ Service. This has been done, and the Person suspected of the Murder, is
‘ secured in the County Gaol of *Sussex*; but it appears from the best Intel-
‘ ligence which can be obtained, that there is great Reason to believe he
‘ cannot be brought to a fair Trial in that County, nor executed, even if
‘ he should be convicted, without exciting dangerous Commotions.

‘ *IT*

‘ It is really an alarming Consideration, that after so much Blood and
 ‘ Treasure has been expended in obtaining a Peace with the Indians,
 ‘ that there should be found among ourselves Men so very abandon’d as
 ‘ to endeavour to involve the Provinces again in all the Calamities of an
 ‘ Indian War; and that this will be the Case, seems very probable from
 ‘ Sir *William Johnson’s* Letter, unless a timely Stop is put to the Folly and
 ‘ Wickedness of the Frontier People in this Respect. There are, no
 ‘ doubt, among them a Number of well-disposed Persons, who have
 ‘ a just Abhorrence of the Conduct of their Neighbours; but it really
 ‘ appears that they are too few to do what is requisite to be done for their
 ‘ own Safety. I must therefore request, that you would pay a serious
 ‘ Attention to this Matter; and, in Order to bring to condign Punishment,
 ‘ those who have already transgress’d, and to prevent the like Offences in
 ‘ future, that you would prepare an Act, to make them liable to be tried
 ‘ and punished in any of the Counties of the Province which the Justices
 ‘ of the Supreme Court shall judge most suitable.

W. FRANKLIN.

A Message from his Excellency by the Deputy Secretary in the following Words.

‘ *Gentlemen,*

‘ I Was in Hopes, that as His Majesty and His Parliament had been
 ‘ graciously pleased to forgive the late *Irregularities* in the Colonies,
 ‘ it would have been the Inclination and Endeavour of every prudent
 ‘ Person that they should likewise be forgot. In these Expectations I
 ‘ find myself greatly disappointed, by your Message in Answer to my
 ‘ Speech at the Close of the last Session. You have therein revived a
 ‘ Subject which I imagined “ a due Sense of the Honour of the Province,”
 ‘ would have induced you to wish buried in Oblivion. Had you, however,
 ‘ contented yourselves with giving an unfair Representation of what I
 ‘ then

‘ then said and did, I should probably have passed it over unnoticed ; but
 ‘ as you have likewise attempted to justify your Proceedings, and thereby,
 ‘ as far as in your Power, establish a Precedent for the like Conduct in
 ‘ future, the Duty of my Station will not suffer me to be silent.

‘ BEFORE I enter into a particular Consideration of your Message, I
 ‘ think it necessary to give a succinct Detail of the Matter in Dispute
 ‘ between us, as I hear it has been much agitated and greatly misrepresented,
 ‘ in many Parts of the Province.

‘ AT a Sessions held at *Burlington*, in *June*, 1765, a Letter from the
 ‘ Speaker of the *Massachusetts-Bay*, was laid before the House, requesting
 ‘ them to appoint Commissioners to meet those of other Provinces at an
 ‘ intended Congress in *New-York*. The House, after taking the same
 ‘ into “ *deliberate Consideration*,” determined (as appears from their own
 ‘ Words) “ *unanimously against connecting on that Occasion*,” and directed a
 ‘ Letter to be wrote at the Table to the Speaker of the *Massachusetts-*
 ‘ *Bay*, acquainting him with their Determination ; which was done
 ‘ accordingly, approved of, and ordered to be signed by the Speaker.
 ‘ Not long after, the Speaker, with the Advice and Concurrence (as I
 ‘ understand) of some others of the House, thought proper to write a
 ‘ circular Letter to all the Members, desiring their Attendance at *Amboy*.
 ‘ In Pursuance of this new and extraordinary Kind of Summons, a Number
 ‘ of them met, but others, more wisely, refused to attend: However,
 ‘ those who did appear, tho’ not more than Twelve of the Representatives,
 ‘ immediately proceeded to Business. The Speaker took the Chair, one
 ‘ of the Members was appointed to act as Clerk, Debates ensued, and the
 ‘ Result was, They set aside that *unanimous* Resolution which the House,
 ‘ in their constitutional Capacity, had made after *deliberate Consideration*,
 ‘ and, in direct Opposition thereto, appointed a Committee to attend the
 ‘ Congress at *New-York*. Two of their Number, with the Speaker,
 ‘ being nominated, undertook the Service, had a Copy of their Appointment
 ‘ certified by the Clerk, which they produced at the Congress as
 ‘ their Authority for attending that Meeting. The Speaker, it seems,
 ‘ by refusing to sign the Addresses prepared there, gave great Offence to
 ‘ many of the People, and it was judg’d necessary that there should be a
 ‘ Meeting of the whole Legislature, to prevent Disturbances on that
 ‘ Account. Nine Members then joined him in requesting me to call
 ‘ such Meeting, which I immediately complied with, agreeable to a
 ‘ Declaration I had made soon after my Arrival in the Province. The
 ‘ Assembly met on the 26th of *November* at *Burlington*, and entered into
 ‘ sundry Resolutions relative to Rights and Privileges. I was in daily
 ‘ Expectation that they would likewise either condemn, or make some
 ‘ Apology for the illegal Meeting at *Amboy*; and as I thought it would be
 ‘ more for their Honour and Credit as a House, that they should do this
 ‘ of their own Accord, than in Consequence of my reminding them of
 ‘ their Duty, I omitted saying any Thing to them on the Occasion. But
 ‘ what was the Conduct of the House at this Juncture? They came to a
 ‘ Resolution, purporting, th t they not only approved of the Proceedings
 ‘ of the Congress, but of the “ *Appointment of the Committee*” who
 ‘ attended

attended in Behalf of this Province: Thus giving all the Sanction they
 could to the Meeting at *Amboy*, and fixing a Precedent for the like
 hereafter. I received a Copy of the Minutes containing this Resolve in
 the Evening, when two of your Members happened to be with me. I
 told them that I was sorry to see that Resolve, as I expected one of a
 quite different Nature, and was now put under the disagreeable Necessity
 of saying something to the House on a Subject which I was in Hopes
 to have avoided. They said they disapproved of that Part of the Resolve
 at which I took Exceptions, as much as I did, and wished it had never
 passed. Next Morning a Member acquainted me, that the House had
 struck out of their Minutes the exceptionable Part of the Resolve of the
 preceding Day, and hoped that would satisfy me. My Answer was, that
 the House had so far acted right, but as they had not thought proper to
 disapprove or apologize for that unconstitutional Meeting at *Amboy*,
 there was still the same Necessity for my taking Notice of it as ever;
 for a total Silence might be deemed as much an Acquiescence with it as
 an express Approbation. In less than an Hour afterwards, I received a
 Message from the House, acquainting me, that they had gone through
 their Business, and desired to be dismissed: And notwithstanding the
 House must have been well convinced, that I intended to signify my
 Disapprobation of their Conduct before I prorogued them; yet neither
 before nor after the Delivery of my Speech, tho' some Pause ensued
 between that and the Prorogation, did they in the least intimate that
 they should be glad of an Opportunity of answering it.

As you know, Gentlemen, this to be a true State of the whole of that
 Transaction, with what Colour of Justice can you then insinuate, that it
 was my "*View to prevent, by an immediate Prorogation, your having an*
Opportunity at the Time of answering for yourselves?" I detest the
 Thought. And were you even more formidable Opponents, than by
 that Insinuation you seem to think yourselves, yet should I scorn to have
 Recourse to so pitiful an Expedient: For, however, I may fail in
 Abilities to manage, yet I hope I shall never want Resolution to engage
 in any Matter which my Duty may make necessary.

A Moment's serious Reflection (you say) would have shewn me that
 this House did not merit my Censure, nor the Meeting I complain of
 such Epithets." You are mistaken, Gentlemen, for tho' I have had
 several Months serious Reflection on that Subject, yet am I as fully satis-
 fied as I am of any Truth whatever, that the Meeting was "unprecedented,
 irregular, and unconstitutional;" and consequently that your House, as
 you not only refused to acknowledge this, but endeavour'd as far as in
 you lay to make it a Precedent, did merit the Censure you received on
 that Account.

You proceed to say, "it is not the Meeting alone, but the Conse-
 quences I complain of, and that not in this Province, but in the neigh-
 bouring Government." Here again, you are mistaken, Gentlemen, I
 never so much as thought of complaining to you of any Consequences in
 another Government, and I am amazed how you could give any Words
 in my Speech so forc'd a Construction. Reports had been industriously
 spread

‘ spread through this Province, that I had arbitrarily refused, though
 ‘ frequently requested, to let the Assembly have an Opportunity of peti-
 ‘ tioning the Crown and Parliament. These Reports were very generally
 ‘ credited by the People, especially when they received so strong a Confir-
 ‘ mation of them, as the lawless Convention at *Amboy*; a Measure which
 ‘ they never could suppose the Members would have gone into, unless they
 ‘ had failed in procuring a Meeting in the regular and accustomed Manner.
 ‘ The general Ferment which then prevailed, added to the Intelligence I
 ‘ received, gave me sufficient Reason to apprehend ill Consequences to
 ‘ myself and Family in this Province. Had I mentioned these Reports,
 ‘ without saying from whence they sprang, it would have appeared as if I
 ‘ meant to lay them to the Charge of the Inhabitants of *New-Jersey*. I
 ‘ knew them to be innocent, and therefore determined to clear them of the
 ‘ Imputation, by pointing out the Authors of the Villainy, and the Place
 ‘ of their Residence. I little suspected that in doing this I should incur
 ‘ your Displeasure, or that it was possible for you to conceive that I thereby
 ‘ intended to *interest* you in the “ present Controversy there.” I am as
 ‘ indifferent to the Politicks of that Government” as you can be; and I
 ‘ think I have not shewn any “ Regard for them farther than they affect
 ‘ this Province.” But suppose that a Chinese Mandarin, had contrived to
 ‘ propagate those Reports, are you, because I happen to mention the
 ‘ Person and Country, to conceive that I want to *interest* you in the
 ‘ *Politicks* of the Government of *China*?” And yet you might as reasona-
 ‘ bly do one as the other.

‘ It is true, as you say, that I admitted “ the Temper of the People
 ‘ might have made a Meeting of their Representatives necessary.” But
 ‘ I said at the same Time, that “ I believed there was not a Man
 ‘ among them, the least acquainted with the Nature of Government,
 ‘ who could think it was proper to violate the Principles of the Consti-
 ‘ tution on the Occasion.” You tell me, however, that you “ believe few
 ‘ will think with me, that the Meeting was a Violation of the Principles
 ‘ of the Constitution, as Necessity urged the Members to it.” If that is
 ‘ all the Reason for their Opinion it amounts to just Nothing, as no
 ‘ such *Necessity* ever existed, nor could have existed, unless a Meeting was
 ‘ no otherways to be obtained. By your saying, that “ *had the Legislature*
 ‘ *been called, this Meeting had not happened,*” you unkindly leave the
 ‘ World to imagine, that I had refused to call a Meeting of the Legisla-
 ‘ ture, as had been reported; but you must be conscious that no Applica-
 ‘ tion for that Purpose had then been made to me, notwithstanding I had
 ‘ often declared that upon such a Request from the Speaker and about
 ‘ Nine Members I should be ready to gratify them all in my Power.

‘ WHY you should mention, that “ I cannot charge you with Want
 ‘ of Regard to me since my Residence among you” I am at a Loss to
 ‘ apprehend. I have never even intimated any Thing of the Kind; on
 ‘ the contrary, I told you in the very Speech you object to, that “ I was
 ‘ far from thinking that *any* of the Gentlemen who were concerned in
 ‘ promoting the late Convention *intended* me any prejudice by that
 ‘ Meeting.”

‘ WHATEVER you may think, Gentlemen, it has always been, and still is, far from my Inclination to “ represent your Conduct in a Manner that might draw down His Majesty’s Displeasure.” I have taken every Opportunity to testify my Approbation of it, where I could do it with any Propriety. I was particularly unwilling to say any Thing to you on this Subject, and therefore did not so much as mention it to you at the opening of the last Session, nor until the Close, in hopes that a just Sense of your Duty would make it needless. It is not, however, my Representation of your Conduct, that can bring you under the Displeasure of His Majesty, but your Conduct itself;---your unnecessarily “ infringing on the Prerogatives of the Crown,” and then attempting to justify your Proceedings, when you well knew that some small Acknowledgment that they were owing to Accident or Inadvertence, or to the Confusion of the Times, and that you did not mean they should be drawn into Precedent, would have been deemed quite satisfactory. .

‘ You afterwards speak of this Affair by the soft Terms of “ Members meeting to *confer* on Measures,--the Result whereof was, the *requesting* some of their Members to join the General Congress,” &c. But in your printed Votes, you stile them a “ *Committee*,” say “ *Deputies* from this Colony,” and say that they were “ *appointed* to attend the late Congress at *New-York* ” Give me Leave to ask you, Gentlemen, if the Populace should get Intelligence of your late Address to the Crown, and should chance to disapprove of it as much as they did of your Letter to the Speaker of the *Massachusetts-Bay*, whether a Number of the Members might not assemble themselves together, vote your Address a Nullity, and direct another to be sent over diametrically opposite? Surely, if once your Doctrine and Practice become established, they may not only do this, but, with equal Right and Propriety, annul every other Act and Resolution of your House during the Session.---This is the Door you are opening to let in sure Destruction to the Constitution. This is the Conduct, which, you say, you “ have the *Happiness* to find has had the *Approbation* of the *Sober* and *Discreet*.” I will not, Gentlemen, pretend to dispute with you the Sentiments of your Constituents; you must be supposed to know them best: All I can say is, that if they are really of the Opinion you mention, I am very sorry for it. I should have thought, from the Knowledge I have of them, that they had too much Sense and Spirit not to resent such an Imputation as a Reflection upon their Understandings.

‘ UPON the Whole, it gives me great Concern to find, that at a Time when the Colonies have so many Adversaries representing them as disloyal and averse to all Government, so respectable a Body as the Representatives of the Freemen of this Province should openly declare, That some of their Members *assembling* by their *own Authority*, appointing a *Committee*, and even *disannulling* an Act of the House when legally convened, is not “ unprecedented, irregular, or unconstitutional;” and that such Conduct has the *Approbation* of the *sober* and *discreet* Part of the People. Surely, Gentlemen, this Declaration “ might have better been spared,” especially as you have not supported it with a single Fact or the least Shadow of Argument.

‘ THE

‘ THE best and wisest of Men are liable to Frailties and Errors, and there are Instances where such Men have thought it no lessening of their Dignity, but even an Honour, to acknowledge and rectify their Mistakes. I heartily wish you the same Honour, and that, in order to obtain it, you would no more usurp or interfere with the proper Rights of another Branch of the Legislature, nor tenaciously persist in attempting to justify what is in its own Nature unjustifiable.”

The engrossed Message to his Excellency, in Answer to his Message of the 25th, being read and compared, was agreed to by the House, and is as follows:

Ordered,

‘ *Ordered,*

‘ THAT Mr. Ogden and Mr. *Anderson*, do wait on his Excellency, and inform him, in Answer to his Message of the 25th, That this House sincerely wish with him, that every *Irregularity* in the Colony was forgot; and if his Excellency had shewn any Disposition to forget, he would have found that this House had no Inclination to enter into Controversy. The closing the last Sitting at *Burlington*, in the Manner he thought proper to do it, occasioned the Message this Session from the House; and his Excellency’s extraordinary Reply, compels an Answer; not that it contains any Arguments that carry the least Proof of *Irregularity* in this House, but that it is replete with Arguments foreign to the Matter; a Detail of Reports that have no Foundation, and carries a *Charge* against this House of “*unfair Representation*.”

‘ The “*Succinct Detail of the Matter in Dispute between us*,” as his Excellency is pleased to give it, this House begs Leave to inform his Excellency has been untruly represented to him; for this House will not presume to say, that his Excellency speaks from any Thing but Information.

‘ This House acknowledges the Letter from the *Massachusetts-Bay*; that it was on the last Day of the Session, some Members gone, others uneasy to be at their Homes; and do assert that the then Speaker agreed to send, nay urged, that Members should be sent to the intended Congress, but changed his Opinion upon some *Advice* that was given him; that this sudden Change of his Opinion, displeased many of the House, who seeing the Matter drop’t, were indifferent about it; and as no Minute was made, and no further Notice taken of it, the House is at a Loss to determine, whence his Excellency could get the Information that the House took the same into “*deliberate Consideration*,” determined (as his Excellency says *from their own Words*) “*unanimously against connecting on that Occasion*”; they have recollected the whole Transaction, carefully examined their Minutes, and can find nothing like it inserted therein; an Answer to the *Massachusetts*’s Letter was written; and if the Expressions his Excellency mentions, were made use of in it, this House is at a Loss to know how they are accountable for it, when it does not appear to be an Act of the House, but Reflection upon this Passage, convinces the House, that his Excellency has more Knowledge of the Contents of the Letter in Answer, than the Members of the House themselves. Before his Excellency gave a Detail of the Matter, and indulg’d himself in the fanciful Representation of the Meeting at *Sproull*’s, he should have known, that the Speaker had altered the Letter he had taken the Liberty to write; that finding his Conduct censured by his Constituents, he was willing to repair it, even at his Excellency’s Expence. That the Letter was so written, as well as that he again altered it, without the Knowledge of the House, are Facts his Excellency should have known, before he charged the Members with setting aside an “*unanimous Resolution*,” never made after “*deliberate Consideration*,” never entered into: For his Excellency’s Satisfaction, they will admit, that the late Speaker wrote to, and convened a Majority of the House; but also assert, by far the greatest Part of them came to the Meeting, persuaded that his Excellency had declined calling the House; that those met, although then a Majority of the House, did not meet in any Legislative Capacity, their Business was to prevent Disorder, and to preserve the Peace of the Government, upon this Business they proceeded; and we suppose the Speaker took a Chair, and one of them took the Pen, and the rest, as it was in a Tavern, sat down also; which has given his Excellency an Opportunity to swell his Message, and shew to the World the Order and Regularity of the Members of this House. This House will acknowledge, that thus seated, they determined, for the Peace, Quiet, and good Order of this Government, to set aside a Resolution of the Speaker’s, broken by himself upon “*deliberate Consideration*,” and in *direct Opposition*” to his first concerted Measures, sent him, and two others to *New-York*, to join in a Petition to his Majesty; and in doing this, they conceived they did an essential Service to the Colony. The Conduct of two of these Members was approved of by the House at their Meeting at *Burlington*; this Approbation of their Conduct his Excellency censures severely, and shews surprize that the House

' should not only approve of their Conduct, but of the Appointment of the Committee,
 ' and Charges it as "unprecedented, irregular, &c." This House deny they were
 ' so, and have stated the Facts as they truly were, and have not the least Doubt, but
 ' that their Conduct in this Matter will be justified by the *cool* and *dispassionate*. But
 ' suppose the Meeting irregular; why such Warmth on the Occasion? It has not,
 ' nor could it be injurious to his Excellency, and he acknowledges they did not
 ' intend any Injury: But if every Step taken by Men in publick Character, was to
 ' be minutely examined, remembred, and warmly resented, we apprehend few
 ' would escape Censure, however exalted their Station may be.---What may have
 ' passed between his Excellency and two Members of this House, they have little
 ' Concern about; but this they cannot help saying, that the Manner in which his
 ' Excellency introduced it to this House, ought to make them, whoever they be,
 ' cautious in what they shall hereafter say to his Excellency on Matters relative to
 ' the House. This House justifies their Conduct, in not mentioning what passed
 ' between his Excellency and them to this House; it was highly improper for them
 ' to report what his Excellency intended, as his Excellency might from different
 ' Circumstances change his Opinion, and the House could not without *Irregularity*
 ' take Notice of any Thing sent through such a Channel. His Excellency closes this
 ' Part of his Message, with a Declaration of *some Pause* after his Speech, by which
 ' he intended, that if the House desired it, they might have had an Opportunity to
 ' Answer.---Of what Duration a Pause is sufficient with his Excellency to make a
 ' Reply, this House cannot take upon them to say; but that made by his Excel-
 ' lency, they well remember, was not longer between the Ending his Speech and the
 ' Prorogation, than a moderate Speaker would make between the Ending of one and
 ' Beginning of another Sentence; a Time, not sufficient for this House in their
 ' publick Capacity to answer in. As this House is constituted of Members unac-
 ' quainted and unskilled in the Arts of Controversy, and having no Talents of that
 ' Kind to display, so they will refer his Excellency to their Message, to settle the
 ' Insinuation he calls out so loudly upon; and dare say, his Excellency will find,
 ' upon calm Inspection, that they insinuated nothing against him, nor made any
 ' Vaunt of their own Abilities; but are well assured from his Excellency's long
 ' Message, that his Excellency is not an Enemy to Disputation, and possessed of not
 ' a little Desire to shew his Abilities in Controversy; and as they have little Doubt
 ' of his Resolution, so they have never called it in Question.

' The House begs Leave to inform his Excellency, that they are sorry to find him,
 ' after some Months serious Reflection, still of the same Opinion; but his Declaration
 ' is not conclusive to this House, which still hopes, that notwithstanding his Excel-
 ' lency has not hitherto, yet as it is their Wish, so they hope, that a few Months
 ' more will bring his Excellency to different Sentiments.

' This House knows of no Reports to his Excellency's Prejudice in this Province;
 ' if any have been repeated in it, they came from the neighbouring Governments;
 ' nothing was said relative to him here, until the late Speaker's Conduct occasioned
 ' it; and this his Excellency knows was of no long Duration: The Warmth of his
 ' Excellency's Expression against the Officers of the neighbouring Government,
 ' shewed his Fears were from that Quarter; he charged no Body in this Govern-
 ' ment, nay declared them innocent; this House could not but thence conclude,
 ' that the Reports from that Government had raised his Warmth, and their Regard
 ' for his Excellency, will ever lead this House to wish an Indifference in him, to the
 ' Politicks of any Government, but that over which he presides.

' Whether a Meeting of the Representatives of the Colony could have been ob-
 ' tained or not, or whether any Application had been made to his Excellency for
 ' that Purpose, we cannot say; but from his Excellency's Declaration since, although
 ' every Thing then carried that Appearance, and the Measures the Members took,
 ' seemed to be the only alternative for the Restoration of, and conducive to the publick
 ' Peace; nor ought his Excellency to charge this House with "unkindly leaving
 ' the World to conclude that he had refused to call the Assembly;" they could judge
 from

‘ from nothing but Appearances, these were against his Excellency; and as he knew
 ‘ the Man that occasioned them, his Censures would have been more properly
 ‘ bestowed on him; or as he knew of the Meeting, his Excellency could have pre-
 ‘ vented it by calling the Legislature together, for which Purpose there was a greater
 ‘ Proportion of Time, than for his Excellency to expect an Answer between his
 ‘ former Speech and Prorogation; especially as he acknowledges, “the Temper of
 ‘ the People at the Time required it.” But this it seems he would not do without a
 ‘ Request from the Speaker and Nine Members; a Mode of calling the House they
 ‘ never before heard of, and believe upon Examination, it will be found, as unknown
 ‘ to the Constitution, and as irregular, as the Meeting of the Members at *Sproull’s*.

‘ His Excellency’s whole Message is really surprising; he believes the Members
 ‘ who met did not intend him any “*Prejudice*,” and yet a warm Speech and long
 ‘ Message are full of Charges against them and this House, and Things said and
 ‘ done in another Government laid at their Door. This House with his Excellency
 ‘ had been less warm on the Occasion, and given it further Consideration; such Con-
 ‘ tradictions would not perhaps have fallen from his Pen, and his Excellency would
 ‘ not have been necessitated to hint to this House, to gratify his Excellency by some
 ‘ small *Acknowledgment*,” that their Conduct was owing to “Accident” or “Inad-
 ‘ vertence,” or to the “Confusion of the Times,” and thereby tamely submitting
 ‘ to his Excellency’s Censure.

‘ His Excellency’s Complaints are, the House perceives, not so much at the Facts
 ‘ themselves, as at the Words in the Minutes of the House; he is angry at the
 ‘ “Members” meeting to “confer,” and the styling them a *Committee*, and “Deputies
 ‘ from this *Colony*,” and then asks a Question, which at the same Time that it shews
 ‘ his Excellency’s Disposition to Controversy, gives his Excellency an Opportunity
 ‘ to display his Abilities; a principal Aim in his Message. His Excellency may sup-
 ‘ pose Improbabilities as long as he pleases, and combat the Phantom he has raised
 ‘ as long as he thinks proper; may draw Suppositions from *China* to support his
 ‘ Arguments, or any where else, it will give this House little Uneasiness; their
 ‘ Conduct, however plain it has been, can never induce his Excellency to believe or
 ‘ say otherwise of them, than that they have ever shewn a Disposition to maintain
 ‘ Order and Regularity in all their Proceedings, and to preserve the publick Tran-
 ‘ quility: And upon the Whole, it gives them real Concern, to find that when they
 ‘ are most desirous there should be a good Understanding between them and their
 ‘ Governor, his Excellency is desirous to cavil at Words, and shew a Disposition to
 ‘ draw them into Disputation.

‘ The Lesson his Excellency gives this House in the Close of his Message, they
 ‘ seriously recommend to his Excellency; and in order that he may obtain that
 ‘ Honour, beg that his Excellency will be well informed before he charges, divest
 ‘ himself of all passionate Expressions, and not call Matters in themselves innocent
 ‘ and designed for the publick Good, by the hard Names of “*illegal, irregular,*
 ‘ “and *unconstitutional*,” &c.

Mr. Ogden reported, that Mr. *Anderson* and himself delivered the Message to them
 entrusted, to his Excellency.

The House adjourn’d till To-morrow Morning, Nine o’Clock.

Saturday, June 28, 1766.

The House met.

Mr. *Miller* reported, that the Committees of the Council and House, had met
 in a free Conference, on the subject Matter of their Amendments to the Bill, entitled,
An Act for investing a Fee in the Toll Bridge lately erected over Newton Creek, &c.
 That the Committee of the Council had receded from their Amendments, and the
 Committee had agreed upon others; which were reported. Ordered,

Ordered,

That Mr. *Wetherill* and Mr. *Anderson*, do wait upon the Council, and desire to be informed, whether they have any Business before them; and if they have not, inform them, that this House proposes to apply to his Excellency for a Dismission.

Mr. *Wetherill* reported, that Mr. *Anderson* and himself delivered the above Message to the Council, who say, they have no Business before them.

The House being informed, that divers Persons indicted in this Colony for counterfeiting the Bills of Credit thereof, are, or probably will be confined in the Gaols of some of the neighbouring Colonies; and there being no Law to provide for the Expence of removing them into this Colony for their Trial;

Resolved,

That this House will provide by Law, at the next Sessions of General Assembly, for all reasonable Expences, that shall appear to this House to be justly due for the Removal of such Persons.

Ordered,

That Mr. Speaker do appoint *James Parker* to print the Minutes and Votes of this House, being first examined and signed by the Speaker.

A Message from his Excellency, by the Deputy Secretary, which was read in the Words following.

‘ *Gentlemen,*

‘ **T**HE Message I received from you last Evening, is, in its Matter and
 ‘ Manner so very extraordinary, that I could not have thought it
 ‘ possible to have been the Production of your House, had it not been
 ‘ delivered to me as such, by two of your Members: It but slightly
 ‘ touches upon any Thing I either said or thought, but attributes Words
 ‘ and Sentiments to my Message, entirely different to what it contains,
 ‘ and asserts sundry Things as Facts, for which there is not the least Foun-
 ‘ dation. This, Gentlemen, is to be sure a heavy Charge, and it becomes
 ‘ me

‘ me to make it good; I am ready to undertake it, as soon as I can dispatch the Bills I have now under my Consideration. But, as I am just informed, that you are anxious to rise this Day, and as I would not carry my Resentment of your ill Treatment of me (for doing what I could not avoid, consistent with my Duty to the Crown and People, or with Safety to myself) such a Length, as to detain you here against your Inclination, at this inconvenient Season, I leave it to your Choice, whether or not I shall continue the Session, till I can communicate to you, what I have to offer on the Occasion, and hear what you have to say, in Justification of such uncommon Behaviour.’

Perth-Amboy, June 28, 1766.

‘ Ordered,

‘ That Mr. J. Lawrence and Mr. Johnston, do wait on his Excellency, and in Answer to his Message of this Day, inform him, That this House having gone through all the Business before them, are very desirous that his Excellency would dismiss them: That as to the Messages that have passed between his Excellency and this House, this House have no Inclination to enter further into them.’

Mr. John Lawrence reported, that Mr. Johnston and himself, delivered the above Message to his Excellency, who was pleased to say, he would send for the House in a few Minutes.

‘ A Message from his Excellency, by the Deputy Secretary, informing the House, ‘ That his Excellency is in the Council Chamber, and requires the Attendance of the ‘ House immediately.’

PURSUANT to His Excellency's several Prorogations of the General Assembly, from Time to Time, to this Day, the House met, and adjourn'd till To-Morrow Morning Nine o'Clock.

Wednesday, June 10, 1767.

The House met.

Ordered,

That Mr. *Borden* and Mr. *Johnston*, do wait upon his Excellency, and acquaint him; that a sufficient Number of Members to proceed upon Business are met, and ready to receive any Thing he may please to lay before them.

Mr. *Fisher* acquainted the House, that *John Hogbland*, Esq; late one of the Members for *Somerset*, is deceased since last Session.

Ordered,

That Mr. Speaker do issue his Warrant to the Clerk of the Crown, to make out a Writ, for electing a Representative for the County of *Somerset*, in the Stead of Mr. *Hogbland*.

Thomas Rodman, Esq; being returned a Representative to serve in the General Assembly, for the City of *Burlington*, in the Stead of *Samuel Smith*, Esq; now one of His Majesty's Council, and attending, was admitted into the House, and duly qualified before the Honourable *Charles Read*, Esq; and *Cortland Skinner*, Esq; thereto authorized by *Dedimus Potestatem*.

Ordered,

That Mr. *Rodman* do take his Seat in the House.

Mr. *Borden* reported, that Mr. *Johnston* and himself waited upon the Governor; according to Order, who was pleased to say, the House should hear from him in about an Hour.

A Message from his Excellency, by Mr. Secretary *Read*;

Mr. Speaker, His Excellency is in the Council-Chamber, and requires the immediate Attendance of the House.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had waited upon his Excellency, who was pleased to make a Speech to the Council and General Assembly; of which Mr. Speaker said he had, to prevent Mistakes, obtained a Copy; which by Order of the House was read, and is as follows, viz.

“Gentlemen of the Council, and Gentlemen of the General Assembly;

“**H**AVING Nothing in Command from the Crown, which required your
 “immediate Attention, I deferred meeting you till this Time, in Hopes of
 “having it in my Power to acquaint you with the Resolutions of Parliament,
 “respecting a Paper Currency in *America*; a Matter I have Reason to believe
 “you have much at Heart, and of which it would therefore have afforded me great
 “Pleasure, to have been enabled to give you some satisfactory Intelligence: When
 “the last Advices left *England*, it was under Consideration, and probably before you
 “rise we may learn the Event.

“Agreeable

“ Agreeable to your Requests at the last Sessions, I transmitted to the Secretary of State, your respective Addresses to His Majesty, and have now the Happiness of communicating to you a Letter I have since received from the Right Honourable the Earl of *Shelburne*, signifying His Majesty’s most gracious Reception of those Addresses, and Approbation of the Behaviour of this Colony, during the late Disturbances in *America*:---To have our Conduct so highly approved by the Best of Sovereigns, cannot fail of animating us in our future Endeavours to merit the Royal Favour.

“ *Gentlemen of the General Assembly,*

“ The Provision made at the last Sessions, for supplying such of the King’s Troops as might come within this Colony, with Necessaries, has proved considerably deficient; I must therefore recommend it to you, to discharge the Sums which have been advanced by the Treasurers and Barrack-Masters, on this Account; and to make Provision for the further Support of those Troops, in the Manner His Majesty expects. You will probably think it necessary, for the Future, to place a greater Confidence on these Occasions, in the proper Officers of Government (who have always manifested their Frugality and Economy, with Regard to the Publick) and not put them under the disagreeable Necessity of advancing Money at the Risque of their private Fortunes, or of applying for a Meeting of the Assembly on every new or unforeseen Application from the General.

“ I must likewise recommend it to you, Gentlemen, to reward the Persons who were most active in apprehending the Villains lately executed for the Murder of the *Oneida* Indian, in *Suffex*, and the two *Delaware* Squaws in the County of *Burlington*. You will find by a Letter from Sir *William Johnson*, which I shall order to be laid before you, that these Instances of the Justice of our Province, are likely to be productive of the most beneficial Effects to the *British* Interest, with the several Indian Nations on the Frontiers of this and the neighbouring Provinces.

“ *Gentlemen of the Council, and Gentlemen of the General Assembly;*

“ Though the Season of the Year is somewhat advanced beyond the usual Time of your doing Business; yet I doubt not but a Continuance of that Harmony which has subsisted among us, will enable you to dispatch, without Inconvenience to yourselves, all Matters of Importance, which may come under your Consideration at this Meeting.

“ *Council-Chamber,* }
“ *June 10, 1767.* }

W. FRANKLIN.”

And the Papers therein mentioned, were also read; and together with the Speech, were ordered a second Reading.

The House adjourn’d till Three, *P. M.*

The House met.

Three Petitions were presented to the House, from a large Number of the Inhabitants of *Monmouth*, *Middlesex* and *Somerset*, setting forth the distressed Circumstances of this Province, for Want of a sufficient Quantity of Paper Currency; and praying such Redress as the House in their Wisdom shall think meet; which were read, and ordered second Readings.

A Petition was presented to the House, from divers Inhabitants of *Middlesex*, and read, setting forth, That the publick Roads or Cartways are found by Experience to be too narrow; and praying that a Law may be passed for the better regulating Carts and Carriages, and that the Width of all such Carriages may be Five Feet from the Middle of one Felly to the Middle of the other; which the Petitioners conceive will render travelling much more easy and convenient.

Ordered,

That the said Petition have a second Reading.

A Petition was presented to the House, from divers Freeholders and Inhabitants of the Township of *Greenwich*, in the County of *Gloucester*, setting forth the Difficulties that attend the present Mode of repairing the publick Highways, by the Labour of the Inhabitants; and praying a Law for repairing the Highways of that Township by a Tax on the Inhabitants of the same; which was read, and ordered a second Reading.

And

TO the KING's Most Excellent MAJESTY.

May it please Your Majesty,

“ WE Your Majesty's Most dutiful and loyal Subjects, the Representatives of the Colony of *New-Jersey*, in General Assembly met, humbly beg Leave to approach Your Royal Person, and with the most unfeigned Gratitude, to thank Your Majesty, for Your great Condescension and Goodness, in giving Your Assent to the Repeal of the Act granting certain Stamp Duties in *America*.

“ It is has been invariably the Principle of Your Royal House, to govern your People according to the Constitution, and their Glory to rule over a Nation of Freemen.

“ Your faithful *Americans* have ever been free, and with the most unbounded Loyalty and Affection to Your Majesty; and Respect and Veneration for the Parliament of their Mother Country, they were most sensibly affected, when they saw a Law passed, that endangered both their Liberty and Property. Their Struggles on this Occasion (until their Case could be laid before Your Majesty and the Parliament) however they may appear or are represented, were not those of Rebellion or Disaffection, but those of Freemen, attached to Your Majesty's Person and Government.

“ It is with the greatest Satisfaction, that we see Your Majesty, Your present worthy Ministry, and Your Parliament, penetrating the true Cause of our Uneasiness, and relieving us from the Burthen of an impolitic Law. The Wisdom and Justice of this Measure, will henceforth, we doubt not, induce Your *American* Subjects to place the greatest Confidence in Your Majesty, and the *British* Parliament; and be a sure Means of conciliating the Affections of the People of both Countries.

“ Permit us, Most Gracious Sovereign, at the same Time that we present our sincere and humble Thanks to Your Majesty, for the Repeal of this Law, to assure Your Majesty, that as we have heretofore granted Aids to the Crown, suitable to our Circumstances; so, whenever Requisitions are made for that Purpose, in the ancient and accustomed Manner, our Duty to Your Majesty, and Concern for the Glory and Interest of *Britain*, will ever induce us chearfully to comply therewith, to the Utmost of our Abilities.----And as no Danger can approach *Britain*, without giving us the most sensible Alarm; so Your Majesty may be assured, that with filial Duty we shall ever be ready to afford all the Assistance in our Power, and stand or fall with that Kingdom; from which we boast our Descent, and to which we are attached by the strongest Ties of Duty, Gratitude and Affection.

“ *Perth-Amboy,* }
“ *June 19, 1766.* }

By Order of the House,

CORTLAND SKINNER, *Speaker.*

TO His Excellency Governor FRANKLIN.

“SIR,
“I HAVE laid before the King your Letter of the 19th of June last, together with the Addresses therein inclosed from the Council and from the Assembly of *New-Jersey*, on Occasion of the Repeal of the late Stamp Act; which could not fail of being very agreeable to His Majesty.

“His Majesty is greatly pleased with the dutiful and prudent Behaviour of his loyal Colony of *New-Jersey*, during the late Disturbances in *America*; and I have the Pleasure to acquaint you, Sir, of His Majesty’s gracious Approbation of your Conduct.

“The Ease and Honour of His Majesty’s Government in *America*, will greatly depend on the Temper and Wisdom of those who are intrusted with the Administration there: A Conduct regulated by just and liberal Principles, suffering no Encroachment on the one Hand, on His Majesty’s just and lawful Prerogative; and on the other Hand, beholding with Pleasure, the prudent and decent Exercise of that Freedom which belongs to the People, cannot fail of engaging the Hearts of His Majesty’s *American* Subjects; and of continuing in *New-Jersey* that dutiful Disposition towards His Majesty, and Confidence in Government, which you represent so much to its Honour, to have prevailed there.

I am, with great Truth and Regard, SIR,

Your most obedient humble Servant,

SHELBURNE.

The Committee of Grievances, taking into Consideration the Complaint against *Frederick Smyth*, Esq; Chief Justice of this Colony, for refusing to hold a Court of Oyer and Terminer, and General Gaol Delivery; for the County of *Salem*, unless he was allowed *Twenty Shillings, per Day*, going and returning, over and above the Sum allowed by Law.

And a Letter from the said *Frederick Smyth*, Esq; to *Charles Read*, Esq; being read, in which the said Demand is made; and a Letter from the said Chief Justice, to the Speaker of the House, being also read; and it appearing to this Committee, that the said Demand was made, and no Court held; and that thereby such Delay ensued, that the principal Felon in the Gaol of the said County, made his Escape.

Resolved,

That the Chief Justice refusing to hold a Court, at any Season of the Year, is a Denial of Justice, and injurious to the Inhabitants of this Colony.

Resolved,

Resolved,

That it is the Opinion of this Committee, That the Chief Justice demanding any other Fee or Reward, than allowed by the Laws of this Colony, is setting a bad Example to other Officers of Government, and may be productive of dangerous Consequences. To both which the House agreed. *Nemine Contradicente.*

Ordered,

That the Letters referred to in the above Report, be entered on the Journals of this House.

To the Honourable *Charles Read*, Esq; of *Burlington*.

S I R,

Brunswick, July 11, 1766.

‘ **W**HEN the Justices and Freeholders of the County of *Salem* shall think proper to apply to me, and request me to petition the Governor for a Commission of Oyer and Terminer, for the Trial of Criminals in their County, I will very readily do it; but till this is done, I do not think I am authorised to ask for such a Commission.

‘ I shall be obliged to you, if you have any Opportunity to acquaint the Justices and Freeholders of the County of *Salem*, that it is my Resolution, at present, not to come into that distant County, in this hot Season of the Year, unless, they engage to bear my Expences from *Amboy* to *Salem*, and back again, at the Rate of *Twenty Shillings per Day*. *Ten Pounds* allowed by the Province, is little enough for the Fatigue of sitting in a crowded Court-House to attend a Trial.

‘ *I am, with great Respect, SIR,*

‘ *Your very obedient humble Servant,*

FRE. SMYTH.”

To *Cortland Skinner*, Esq; *Speaker of the House of Representatives of New-Jersey.*

‘ S I R,

Burlington, June 19, 1767.

‘ **B**Y a Paper left at my Lodgings last Night by Order of the House of Assembly, I find Complaint hath been made against me in the House, for refusing to hold a Court of Oyer and Terminer and General Goal Delivery for the County of *Salem*, unless the Justices and Freeholders of the said County would agree to pay me *Twenty Shillings, per Diem*, from the Day I should set out, till my Return, over and above the Sum allowed by Law.

‘ In Answer to this Charge, I must beg the Favour of you, to acquaint the House of Assembly, that during my Residence in this Province, once in every Year, a Court of Oyer and Terminer has been held by me in the County of *Salem*; that the last Court was held about a Month since; that I have never received one Farthing above the *Ten Pounds* allowed by Law, for holding those Courts, notwithstanding from the Length of the Journey, I have necessarily been obliged to expend much more than that Sum.

‘ Be pleased also, Sir, to acquaint the House, that it is not usual to hold more than one Court of Oyer and Terminer, in a Year, in the County of *Salem*, unless the Magistrates petition the Justices of the Supreme Court, to request the Governor to issue a special Commission. No such Petition has ever been presented to me, from the Magistrates of *Salem*; and therefore I have not yet had an Opportunity to refuse such a Request, nor can any Disappointment on this Occasion be imputed to me.

‘ If any mention has been made by me of *Twenty Shillings per Day*, for travelling Charges, to attend a Special Court at *Salem*, it was written in a Letter to a Friend in a private Correspondence; but never demanded by me; nor should I have allowed myself to insist on it, if the Magistrates had legally applied to me for a Commission of Oyer and Terminer: But in the mean Time, I submit to the Consideration of the House of Assembly, if it can be reasonable to expect or require me, to perform a Journey, with Servants and Horses, upwards of an Hundred and Sixty Miles, (which I believe is less than the Distance from my House at *Amboy* to *Salem*, and home again) for the Sum of *Ten Pounds*.

‘ Therefore, Sir, as I find the Word *Grievance* in the Paper from the House, and a Committee of Grievances, &c. If there is any true Cause of Complaint at this Time, or any real Grievance existing, I hope the House will discover where it ought to be fixed, and how redressed. I hope the House will no longer think it reasonable,

‘ that

‘ that I should be called from one End of the Province to the other, at an Expence
 ‘ three Times above what is allowed by Law, to hold a Court whenever a Thief shall
 ‘ be apprehended, merely because the Gaols in the Counties are not kept in sufficient
 ‘ Repair to hold Prisoners; which I observe is the usual Reasons given for requesting a
 ‘ special Court.

‘ As I have ever been attentive to discharge the Duty of my Station, with the
 ‘ strictest Uprightness, Punctuality and Zeal, for the Good of this Province, I hope
 ‘ the Representatives of *New-Jersey*, will have more Candour, than to admit of
 ‘ Censure, Murmuring or Reflections, to be heard in their House, to my Dishonour,
 ‘ till they shall appear to be justly due and well founded.

‘ *I am, with all due Respect to the House, and Regard for you, SIR,*

‘ *Your very obedient humble Servant,*

FRE. SMYTH.”

‘ P. S. If it will afford Satisfaction to any of the Members of the House, I will,
 ‘ with great Pleasure, confer with them on the Subject of the Paper left with me last
 ‘ Night, whenever they shall be pleased to call upon me.”

The House again resolved itself into a Committee of the whole House, on the Bill for Triennial Assemblies; and after some Time spent therein, Mr. Speaker resumed the Chair, and Mr. *Fisher*, Chairman of the Committee, reported, that the Committee had gone through the said Bill, and had made sundry Amendments thereto; which he was ready to report whenever the House will please to receive the same.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon his Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had presented their Address to his Excellency, in the Words following, viz.

TO His Excellency WILLIAM FRANKLIN, Esq; Captain General, Governor and Commander in Chief in and over the Colony of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the REPRESENTATIVES of the said Colony, in General Assembly convened.

May it please your Excellency,

WE His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly met, return your Excellency our sincere Thanks for your Excellency's favourable Speech at the Opening of this Session; and assure your Excellency, it would have been extremely grateful to have received satisfactory Intelligence of the Resolutions of the British Parliament, with Regard to a Paper Currency in America: As their Result in this Matter will most nearly affect the future Prosperity and Happiness of this Colony, we anxiously wait the Event; which, if favourable, will put it in our Power to alleviate the Distresses and grievous Complaints of our Constituents for Want of circulating Cash, set forth in Petitions from many Parts of the Province now before us.

His Majesty's gracious Reception of our Address, and Approbation of the Behaviour of this Colony, signified in the Right Honourable the Earl of Shelburne's Letter, is truly agreeable to this House, and cannot fail inspiring the Inhabitants of this Colony with Resolutions to improve every Opportunity of meriting it from the Best of Sovereigns.

We have made Provision by Law, for discharging the Arrearages due to the Barrack-Masters, and for supplying the King's Troops quartered in this Colony, with Necessaries, that will not be liable to the Inconveniencies mentioned by your Excellency; and have also provided a Reward to the Persons active in apprehending the Indian Murderers, as an Encouragement to the like Vigilance on future Offences.

The Wisdom and Justice of Government, in bringing to exemplary Punishment, Men, who in Defiance of all Ties, divine and human, in cold Blood, could perpetrate such horrid Murders, and thereby kindle the Resentment of the Natives against us, cannot fail of producing good Effects; more especially when made use of in the prudent Manner proposed by Sir William Johnson.

Nothing shall be wanting on our Part, consistent with Duty to our Constituents, to improve the Harmony subsisting between the several Branches of the Legislature, which is ever productive of the most salutary Effects; and we hope, will at this Time enable us to give a quick Dispatch to such Parts of the publick Business, as will not admit of being postponed; but the advanced Season will by no Means allow going through all that calls for our Attention at this Time.

By Order of the House,

Burlington, June 23, 1767.

CORTLAND SKINNER, Speaker.

To which his Excellency was pleased to make the following ANSWER.

Gentlemen,

I THANK you for this Address: Your Readiness in granting the necessary Supplies for the King's Troops, as it evinces the Reality of those dutiful and loyal Sentiments you express, will doubtless recommend you to His Majesty's Favour. Your Approbation of the Measures taken by Government, for bringing the Murderers of the Indians to Justice, and the Disposition you have shewn to promote Harmony, cannot but afford me particular Pleasure."

“ *Gentlemen of the Council, and Gentlemen of the General Assembly;*

“ I HAVE called you together somewhat earlier than usual, that you might have
“ full Time to complete the Business you left unfinish’d at the last Session, and such
“ other Matters as may require your Attention, before the Season of the Year shall
“ render it inconvenient for you to be absent from your Homes.

“ There is at this Time a considerable Number of Debtors confin’d in the different
“ Goals in this Province. The Condition of many of them is truly deplorable; and
“ I cannot but recommend them to your Compassion. Good Policy, indeed, as well
“ as Humanity, dictates, that if any Expedient can be contriv’d for their Relief, not
“ liable to such Mischiefs as attended the late Insolvent Act, it ought to be adopted.

“ The State of the Public Roads in this Province is another Matter that merits
“ your Attention. Even those which lie between the two principal Trading Cities
“ in *North America*, are seldom passible without Danger or Difficulty. I have be-
“ fore mentioned this Subject unto you; and the Legislature, at the Session in 1765,
“ seem’d so fully sensible that some Regulations in this respect were wanting, that an
“ Act was then pass’d, for appointing Commissioners to view the Ground, and report to
“ the

" the next Session of General Assembly, the Practicability of laying out strait Roads through certain Parts of the Province, and for establishing a Fund to defray the Expence of the same. But I cannot learn that any thing considerable has yet been done in Pursuance of that Act. Some unforeseen Obstacles may possibly have retarded the Progress of this very desirable Work; I hope, however, they are not of such a Nature but that they may be remov'd without much Inconvenience to any of the Inhabitants, and that we shall e'er long have the Pleasure of completing what must redound so greatly to the Honour and Advantage of this Country.

" *Gentlemen of the General Assembly.*

" Besides providing for the due Support of Government, I have in Command from his Majesty, to signify to you that he expects and requires that you will make those Provisions for the Supply of the King's Troops in this Province, which are directed by Act of Parliament. Your known Loyalty and Zeal for his Majesty's Service render any Persuasions on this Head unnecessary.

" In every Colony Controversies frequently arise wherein the Courts of Common Law cannot give Relief, and which therefore become the proper Objects of a Court of Chancery. As the Disuse of such a Court would probably be attended with Mischiefs to the Good People you represent, I have kept it open, though under very great Disadvantages to myself. There not being any Salary allow'd for the necessary Officers, and the Fees not being sufficient to make some of them even a moderate Recompence for their Trouble and Attendance, I have in vain offered divers Commissions in Chancery to such Persons as I have esteem'd qualified to execute them. I recommend this Matter to your serious Consideration, and desire that you would enable me to make a reasonable Allowance to such as I shall appoint to execute the necessary Offices in that Court, in such Manner as will be most likely to induce Persons of Knowledge and Probity to take upon them the Discharge of those important Trusts; without which it will be extremely inconvenient, if not impracticable, to receive any other Business into the Chancery, or finish what is already there.

W. FRANKLIN."

A Message from his Excellency, by the Deputy Secretary, in the Words following.

'Gentlemen,

Gentlemen,

I HEREWITH communicate to you, a Memorial from Major *Dudley Templer*; Commanding Officer of His Majesty's 26th Regiment of Foot, now quartered in this Province, representing the Necessity he was under of hiring a House at *Elizabeth-Town*; there not being an Apartment in the Barracks there, any ways suitable for the Residence of a Commanding Officer of a Regiment. His Request on this Head I think reasonable, and therefore doubt not but you will readily grant it.

I likewise lay before you an Account of the Repairs and Necessaries wanting in the Barracks of *Elizabeth-Town*, *Amboy*, and *Brunswick*; which I earnestly recommend to your Consideration; and hope you will not hesitate to make Provision for removing the Difficulties the Officers and Soldiers labour under, for Want of those Accommodations.

The General intending a Review of the Regiment, it is necessary that they should assemble together for three Weeks or a Month before, to prepare themselves. No one Barrack in the Province is sufficient to accommodate the Whole of them; but I am told, that many of the Inhabitants of *Brunswick*, have expressed a Willingness to furnish them with Quarters for that Time, provided the Assembly will allow them Billetting Money. The Major has therefore requested that I would apply to you for this Purpose. I know not what Difference it would be to the Province, in Point of Expence, between allowing them Billetting Money and furnishing them with the Necessaries required in Barracks, but I believe it would be very trivial. However, the singular good Order and Discipline observ'd by this Regiment ever since their Residence here, and their Readiness on all Occasions to oblige the Inhabitants, intitle them to your Regard, and will, I trust, induce you to gratify them in this Particular.

W. FRANKLIN."

That the Consideration of said Petition be referred to the next Sessions.

A Message from his Excellency by the Deputy Secretary;

Mr. Speaker, His Excellency is in the Council Chamber, and requires the Attendance of the House.

Whereupon Mr. Speaker left the Chair, and with the House went to wait upon His Excellency; and being returned, Mr. Speaker resumed the Chair, and reported, that the House had presented their Address to His Excellency in the Words following, viz.

To his Excellency WILLIAM FRANKLIN, Esq; Captain General, and Commander in Chief in and over the Province of New-Jersey, and Territories thereon depending in America, Chancellor and Vice-Admiral in the same, &c.

The Humble ADDRESS of the REPRESENTATIVES of said Province, in General Assembly convened.

May it please your Excellency,

WE His Majesty's dutiful and loyal Subjects, the Representatives of the Colony of New-Jersey, in General Assembly met, Thank your Excellency for calling us together earlier than usual, as you thereby give us an Opportunity of considering the Business referred at the last Session, and what may come before us in this, at a Season less inconvenient to our domestic Affairs.

Convinced of the Number, and unhappy Circumstances of the Prisoners confined in the several Goals in this Colony; we shall endeavour to alleviate their Distresses, by adopting such Measures for their Relief, as we hope, will not be liable to the Mischiefs that attended the late Insolvent Act.

We agree with your Excellency, that a proper Regulation of the Public Roads within this Colony, will much redound to the Advantage of the Public, and had Expectations, that the Act referred to in your Excellency's Speech, would have had the desired Effect, and answered the good Purposes thereby intended; but are sorry to find, that the Commissioners named in the Act, have not been able to draw the Lottery granted, and that

streightning

streightning the Roads in many Places is impracticable, from the Unfitness of the Soil for Roads, and the too great Damage it would be to many of the Inhabitants; Obstacles, that at present we cannot conveniently remove.

As we have heretofore supported the Government of this Colony, and paid all due Regard to His Majesty's Requisitions, so we have taken this Part of your Excellency's Speech into Consideration, and shall make such Provision for the Support of the Government, and supplying the Troops quartered in this Colony, as are consistent with our Duty to our Constituents, and our Loyalty and Zeal for His Majesty's Service.

Whenever your Excellency shall think proper to inform us particularly, what Officers of the Court of Chancery there is any Necessity to provide for, we shall then take that Part of your Excellency's Speech into further Consideration.

April 19, 1768.

By Order of the House,

CORTLAND SKINNER, *Speaker.*

To which his Excellency was pleased to make the following Answer.

' Gentlemen,

' I RETURN you my Thanks for this Address. The Assurances you give me of providing for the King's Troops; and endeavouring to alleviate the Distress of the Debtors now under Confinement, are extremely agreeable.

Ordered,

That Mr. *John Ogden* and Mr. *Runyon*, do wait on his Excellency, and inform him, That this House having taken his Excellency's Message of the 18th Ult. into Consideration, with the Papers sent therewith, cannot join with his Excellency, in thinking it reasonable for the Colony to be at the Expence of hiring a separate House for the Commanding Officer of the Regiment stationed in this Colony: And beg Leave to observe to his Excellency, that this Colony has been at a great Expence in building Barracks for the Reception of such of His Majesty's Troops, as may at any Time be stationed therein; with Apartments for the Officers; which, during the late War were found sufficient, and no Complaint made. It is therefore a Matter of Surprize and Concern to this House, to be called upon to make Provision of that Sort, at a Time when the Colony is labouring under heavy Burdens contracted in the late War, and very considerable Sums annually expended in supporting His Majesty's Troops quartered in this Colony. That, by the Barrack Master's Accounts, and other Informations receiv'd, it appears to this House, that the Barracks are kept in such Order, as to answer the Purposes for which they were intended; and that the Troops are carefully supply'd with such Necessaries as have been heretofore usual. That this House will pay Attention to the State of the Barracks, and provide for such Repairs as appear to them necessary. That, whenever a Review of the Regiment quartered in this Colony, may be thought necessary by the General, this House cannot think it any Part of their Duty, to make any Provision for the Expence attending it.

Mr. *Leaming* reported, that Mr. *Fisher*, Mr. *Wetherill*, Mr. *Miller*, Mr. *Runyon*, Mr. *Stikwell*, and himself, delivered the Bill to them entrusted, to the Speaker in Council.

Mr. *Borden* reported, that Mr. *Lawrence* and himself, delivered the Bills to them entrusted, to the Speaker in Council.

“ Your Majesty’s signal Distinction is, that You reign over Freemen, and Your peculiar Glory, that You reign in such a Manner, that Your Subjects, the Disposers of their own Property, are ready and willing whenever Your Service calls upon them, with their Lives and Fortunes, to assert Your Cause.

“ Your People of this Colony, who share in the Blessings flowing from Your Wisdom and Virtue, most gratefully sensible of their Obligation to so excellent a Prince, humbly hope they never have been deficient in duly acknowledging them: Whenever it has been necessary that Supplies should be levied within this Colony; Requisitions by your Majesty, or by your Royal Predecessors, conformable to the Rights and Liberties of this Your People, have been made, and by them loyally and liberally complied with.

“ We beseech Your Majesty to do them the Justice to believe, that they can never fail on any future Occasion, to demonstrate their Devotion to Your Majesty; nor can they resign, without unutterable Shame and Grief, the Honour and Satisfaction of voluntarily and cheerfully expressing in the strongest Manner their Circumstances will admit, their unfeigned Affection for Your Majesty’s Person, their distinguished Duty to Your Government, and their inflexible Resolution to maintain Your Authority, and defend your Dominions.

“ Penetrated with these Sentiments, this Your People, with the utmost Concern and Anxiety, observe, that Duties have been lately imposed on them by Parliament, for the sole and express Purposes of raising a Revenue: This is a Taxation upon them, from which they conceive they ought to be protected, by the acknowledged Principles of the Constitution, that Freemen cannot be legally taxed but by themselves, or by their Representatives; and that they are represented in Parliament, they not only cannot allow, but are convinced, that from their local Circumstances they never can be.
